

Rt. Hon. Arthur Meighen, P.C., K.C.

The action in question was instituted at my urgent request, to which my fellow Commissioners gave assent, that the reports of the agents should be accessible to the people of Ontario in the form of Court proceedings. I have no apology to make for instituting proceedings in the matter of Sims Stransky or Commerce Research Bureau accounts which I thought, and still think, ought not to be a charge against the trust moneys that the Hydro-Electric Power Commission handles for the municipalities throughout Ontario.

Faithfully yours,

*A. Meighen*  
CHAIRMAN.
