

By the Court. The accused's quarters were in this small frame building in our area. He sleeps with one of the fellows from the Salvage unit. I had some duties for the accused that night. He had a recreation room in the large house in our area and I wanted him to chop wood and keep the fire going in that house. I actually searched for J^{rs} Burton from 1920 his 'til 1955 hrs. I am satisfied that I made a thorough search of our whole area.

(R.P. 80B complied with)
