Cessna T50 -- CF-DAJ

5008-1

REGISTERED

D.A.S.,
Ottawa.

Attention: C.C.A.

1. Please refer to yours of July 20, 1950, on the subject aircraft.
2. As you know, all files of Saskatchewan aircraft previously handled by this district have long since been turned over to the Winnipeg district; consequently, we have no record of CF-DAJ.
3. Search of records at Edmonton Airport, however, reveal that Western Airmotive Ltd., were holding the Certificates of CF-DAK, which aircraft had long since been destroyed by fire by a passing locomotive while the aircraft was in open storage behind Western's Hangar.
4. It is possible your reference to CF-DAJ was in error and you meant CF-DAK. In any case, herewith for cancellation, C of R No. 3370 and C of A No. 875 issued CF-DAK.
5. We point out, please, that the need of an information circular to the Trade, pointing out the necessity of reporting accidents and the turning in of Certificates has, in our opinion, been long outstanding.

for District Controller of Air Services.
