

**We can positively assure you that in causing you to become a user of electric light we shall add one more to the ranks of its enthusiastic supporters, and that you will wonder how you have got along up to now without its use.**

The cost of wiring an ordinary cottage complete is about \$10.00, a figure that is small compared with the comfort derived;

Our office is at 35 Yates Street, just below Government Street, and if you will notify us or, better still, call and see us, we shall be pleased to assist you in every possible way to introduce this modern and up to date accessory into your home.

**B C. ELECTRIC RAILWAY CO., Ltd.**
