Horses compelled to endure excruciating torture by the over-check and other high check-reins, through the ignorance and pride of thoughtless drivers.

Dogs and cats driven to desperation and madness from want of water.

Horses ruined in health and limb through being over-loaded, lack of food and improper feeding.

Old, galled, crippled horses ill-fed, over-loaded, and generally abused by hard masters.

Calves with feet tied and tortured, while being transported long distances in distressed position, over rough roads, by butchers and others.

Pigeons wantonly wounded, mutilated and allowed to linger hours before death comes to their relief, at shooting tournaments.

Horses left standing in exposed positions, through severe storms, without covering.

Beautiful song and useful birds needlessly slaughtered by men and boys for sport.

Insects, birds and animals, of various kinds, cruelly put to death by thoughtless persons, when a little more care would make death less painful.

The cruelty and savage instinct aroused by pugilism, cock and dog fighting.

Every city, village and country town should be liberally supplied with drinking fountains for animals, and they should be so constructed that even the smallest dogs can drink from them. No gift to a people confers a greater pleasure than a fountain, and that person who turns aside a stream from the field and gives a watering trough to the roadside, or provides a fountain, at which man and beast can drink pure water, is truly a public benefactor.
