THE FIRST PRIZE AND DIPLOMA WERE AWARDED

W. A. COOPER

At the Western Fair, London, for 1871, for the best collection of

Plain Photographs & Cameo Portraits

Although the display of Photographs was the largest ever shown in London at any Provincial Exhibition.

With the above announcement and the facilities the Elgin Gallery has for making first class work of every description, we feel confident that the inhabitants of the County of Elgin can now have their wants supplied in this line, without the trouble and expense of going to larger places.

Photographs of every kind that is made in the profession can be had here, viz:—Cameo Portraits, Rembrandts, Colored Photos, Plain Photos, Vignettes, Solar Portraits, Enlargements, Copying, &c., &c.

The Cameo is the very latest Portrait made, as it is the most beautiful, and St. Thomas is the only place this side of Toronto where the true Cameos are made.

We pay special attention to copying old portraits and enlarging to any size, and colored in oil or water or retouched in Indian Ink.

Having secured an Artist from one of the best Galleries in England for the particular branch, parties having pictures of deceased friends, no matter how faded or indistinct, would do well to bring them in at once.

Our specialty is Baby Pictures. Mothers who have found it impossible to obtain pictures of their children can now have them, if brought between the hours of 10 and 2. As we have a good supply of patience, with a quick and powerful light, the restless little beauties can be caught before they have time to move.

Our stock of Frames is large. All kinds constantly on hand, such as Rustic, Rosewood, & Gilt Ovals, Gilt Ovals and Square of any size.

We respectfully invite inspection of the specimens now on exhibition at the Rooms

ELGIN GALLERY.

W. A. COOPER, ST. THOMAS.
