

BUILD YOUR OWN FENCE ON THE GROUND

FROM
LONDON COILED STEEL SPRING WIRE
WITH A
London Fence Machine

In very little more time than it would take to erect an unsatisfactory ready-woven fence, which would cost twice as much.

Each strand is stretched separately; therefore, better and also quicker than roll fence is stretched, and it only takes a day to weave 40 to 60 rods.

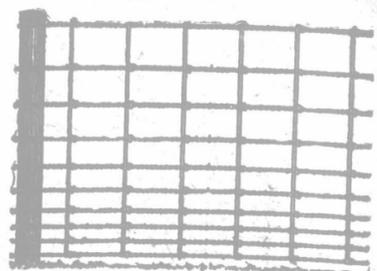

SEE OUR ADVERTISEMENT IN APRIL 20th ISSUE of ADVOCATE DO NOT MISS IT.

THIS NAME ON THE VANE

Guarantees to the user of the mill the utmost limit of satisfaction. Guarantees over the official signature of the Aeromotor Co., with their official seal attached, are furnished each customer who will trouble to satisfactorily fill in the "Request for Warranty" sent with the directions accompanying every Aeromotor. No purchaser can afford to be without it. IT INSURES HIM against loss or damage, and is a proof that his outfit is well erected. Kindly bear in mind the absolute fact that Chicago Aeromotors pay for themselves in from one to two years, and write for our Windmill Book.

**BEEMAN'S
New Process Grain Cleaners**

They separate flax from wheat, wild or tame oats from wheat or barley, cockle and all foul seed; clean flax, timothy, clover, etc., perfectly.

DO YOU

Want to raise your wheat from one to three grades by separating all frosted, sprouted or shrunken kernels?

Want to clean and bluestone your wheat at one operation?

Want to sack your clean grain, tailings and screenings all at the same time?

If so, our **JUMBO** Will do it for you.

Write for catalogue and prices. Dealers make money selling our machines.

Morris Pianos

BEAUTY in tone, beauty in case, beauty in construction: these are the cardinal virtues in a high-class piano.

The first charms the critical ear; the second delights the critical eye; the third satisfies the critical judgment. The **MORRIS PIANO** is the incarnation of these salient piano graces. It is an ideal instrument.

From whatever point of view one examines the **MORRIS PIANO**, it gives thorough pleasure. A standard of honor shapes the work of construction that gives the same honest effort to the small as well as to the larger features of the instrument.

If you write or come to investigate why these instruments have won success and a distinctive position for themselves so rapidly you will find it evident that the manufacturers have been inspired by a determination to take a prominent place in the Piano industry from the start.
