

"RAPID-EASY" GRINDERS

Can do for you what they are doing for others—grind MORE grain with the SAME POWER than ANY OTHER GRINDER.

Made for use with Tread power, Sweep power, Wind-mill or Steam Engine.

THORNTON, ONT., Jan. 31st, 1901.
"The Grinder works well. I made about \$120 with the first set of plates, which I consider cannot be beaten. They ground from four to six hundred bushels per day." D. HOLDSWORTH.

VEREKER, ONT., Jan. 10th, 1901.
"Your 'Rapid-Easy' Grinder runs the fastest and easiest of any grinder I have ever seen. I run it with four horses on my ten-horse power, and the four horses run it as fast and as easy as a steam engine. I have ground six bushels of oats and peas in ten minutes; three bushels of hard barley in five minutes; three bushels of corn in five minutes. I think any man who has a four-horse power need not be afraid to attach it to the 'Rapid-Easy' No. 2. It does finer work than any grist mill in Ontario, and gives every satisfaction to my customers." D. A. OUELLETT.

Drop us a line; we will make it interesting for you.

SEE TESTIMONIAL BELOW.

GEORGEVILLE, P. Q., January 16th, 1901.

THE SUNLIGHT GAS CO., Ltd., Montreal, P. Q.:

GENTLEMEN—I have been using one of your twenty-light gas machines since last August, and am perfectly satisfied with it in every respect. I have used both coal gas and electric light, but much prefer the acetylene light to either, as being more steady and an easier light for the eyes.

With regard to your machine, I have nothing at all to say against it, as it is easily cleaned, needs absolutely no attention when operating. I shall at any time be most pleased to show my plant to anyone, or do anything in my power for your machines.

Yours truly, M. L. WILLIAMS.
