HONS, L. SHANNON, Hability HON. JAMES YEO, M.P.P., Port Hill, P. E Island, WM. H. WEBB, Esq., (Brown & Webb), ANGUS MCMILLAN, Esq., Summerstde

The history of the ONTARIO MUTUAL LIFE has been from the beginning of the Company up to the present time, a record of success, alike creditable to its founders, its board of directors, its officers, its agents, and a discerning public.

Success begets Success. growth of the Company has been rapid healthy and constant, showing in each year since its establishment :-

> in membership in premium receipts; in interest receipts; in assurance in force ; in gross income; in new business; in surplus for distributing; and

n ready convertible cash as-sets. The object of all connected with its affairs has been to make it one of the best, the most substantial, and enduring Companies of its kind. That success has so far attended their efforts, the present admittedly high financial standing of the Company abundantly proves. Its income has advanced from \$9,698 89 in 1870, to \$190,182 60 in 1883, and its assets from \$6,216 00 to \$533, 705 00. The number of Policies issued for the first four months of 1883 was 312, tor a total amount of \$423,100. And for the same period in 1884-Policies issued 503 for a total amount of \$732,250, being a gair of 191 Policies and \$309,1:0 These facts speak for themselamount. ves and shorld induce all intending insurers to pause and weigh well the record and result of this Popular Company before

coming to a final decision. The thirty-four death and endowmen claims maturing in 1883, were paid upon ar average of one-fourth of a day from the completion of the claim papers, and there did not stand on the books of the Company at the close of the year, any claim disputed

Promptitude in settling claims as well as Equity and Liberality mark the whole history of the ONTARIO MUTUAL LIFE Ministers will do well to apply to the undersigned for special information before placing their risks in other Companies.
