Christian Endeavor.

The Christian Endeavor society met this week in the Methodist church, the president in the chair. The topic was "Our Christian journey—hills and hindrances," Matt. 7: 13-14, John 14: 1-16. Mrs. Moyer opened the subject by reading a well prepared paper on our christian journey.

The christian is on a journey from the city of destruction of our celestial city. There is a highway built on which the christian is to walk. Jesus says, I am the way, I am the door, by me if any man enter in he shall be saved.

There are many enemies to hinder us on the way to heaven but the christian has help promised to overcome every obstacle. The grace of Christ is sufficient to lead us safely through the journey of life and to give us an abundant entrance into the kingdom of our Lord Jesus Christ.

Many of the active members spoke on the topic and read verses of scripture bearing on the subject. Earnest and loving invitations were given to all present who had not yet entered on the christian journey to begin at once by coming to Jesus and enter on the way and be saved. Very clearly did our president show that we are either journeying to heaven or hell. Which is to be our choice? There is a way that seemeth right to a man but the end thereof is the way of death. But the path of the just is as a shining light which shineth more and more unto the perfect day.

The topic for next week is, "Our promised Land and how to reach it." Rev. 21: 1-7, 22-27. Leader, Geo. Grey.

The attendance on Tuesday evening was pretty good but the front seats were nearly empty. The audience apparently wishing to be as far away from the president as they possibly could, and still in the church.

The horses walked over the bicycle and broke parts of the wheels. There was a big load of people in the rig coming from Warton, and had it not been for the presence of mind and pluck of Jake Schell, the driver, it is quite likely that Miss Logie would have been more seriously injured. This is the way an exchange runs up the financial troubles. Money got tight and was locked up. It is now said to be sobering up and going out to do legitimate work in the commercial world.
