

NEW CHAMPION RANGE
A GREAT BAKER

Fawcett

Ranges are wonderful bakers because the oven is always just right. The heat is evenly distributed at all times around all sides of the oven, and a steady temperature results.

An oven thermometer tells you the temperature of the oven instantly, and the perfect regulation of heat enables you to have any temperature you want at any time.

Fawcett Ranges are the handsomest, most economical, durable, and satisfactory, as well as the best bakers.

Send for our booklet explaining why. It contains facts about ranges that you, as a housekeeper, ought to know.

Canadian Masons In England

H. S. Carmichael, Passenger and Freight Manager of the Canadian Pacific Ocean Services, was installed W. M. of the Canada Lodge at the installation banquet held recently in London, England, attended by the Rt. Hon. Sir Edward Clarke, Sir Gilbert Parker, General J. G. Ross and many other Canadians and English representative men interested in Canada.

The Canada Lodge No. 3527 on the Register of the United Grand Lodge of England was founded in 1911, in order to provide a Masonic centre for Canadians resident in Great Britain and Brethren from the Dominion visiting the Old Country. The object of the founders was also to form a bond of union between the Brethren of the Dominion and the Brethren of the United Kingdom in the strong hope and confidence that Freemasonry might so even still further assist in the great work of forming these bonds of "indissoluble attachment" which shall forever unite the component parts of the British Empire. The Lodge has now 232 members, many of whom are Dominion members resident in all parts of Canada. No fewer than 150 are initiates of the Lodge, 206 members of the Lodge are on active service in H. M. Forces.

Mr. Hugh Strain Carmichael, the newly-elected W. M. of Canada Lodge, is a native of Glasgow. He has been connected with the Transatlantic steamship trade since 1888, when he joined the staff of the State Line, which in 1891 was taken over by the Allan Line. In 1895 he commenced his long connection with the Canadian Pacific Company at Glasgow, transferring to its Liverpool office in 1903, when the company established its transatlantic passenger service. In 1908 he was promoted to be general passenger agent for Great Britain and Europe. Since the establishment, in 1915-16, of the Canadian Pacific Ocean Services, Ltd., which manages the entire fleet of the C. P. R. and Allan Lines, Mr. Carmichael has occupied the position of passenger and freight manager, and has his headquarters at Waterloo Place, London, England.

Argentina Has "Bumper Wheat Crop This Year"

Buenos Aires, Sept. 11—Announcement has been made by the ministry of agriculture that Argentina still has available for export 2,000,000 tons of wheat from the last crop and 1,500,000 tons of other cereals. This is in addition to the 2,500,000 tons bought by the Entente Allies in the grain convention and already shipped.
