HIS TRIALS AT "FUNCTIONS." Once there was a Man who lived in the same Hall Bedroom for 14 Years, because he never could catch Even on the Re it. It was a snug little Box-Stall, and with better Ventilation it would have been almost as comfortable as some Cells. There were ruspy Lace Curtains on the Windows. The Man used to Scratch Matches on the m. Also there were two l'aintings. One was either a Matches on them. Also here were two laintings. One was either a Landscape or a Marine, and the Second representee a Human Being with his H ir Combe the Way the Barber will comb it unless you stop him. The Landlady said it was a picture of her bead Cousin. Cousin looked the Part. The Recomer would come home about

The Roomer would come home about ones a day and elimb over the Paste-Board Trunk and look out at the Roof of the adjoining House, and then de-cide to Go Out and Stay as Late as possible. He ate at a Restaurant in which Tall Waitresses with Belladonna Eves and False Frizzes showed conna Eyes and False Frizzes showed a Partiality for the Customers who Waxed their Mustaches. He was ac-customed to Bolt his Food, while someone named Gert leaned a Tray against him and entreated Laura in the Kitchen to cut a Hot Mince and let the Fried Sweets come along

with the Medium Sirline.

When he received his Biennial Bid to go around to some Private House and pretend to be a White Person for an Hour or so at a Time, he took his Chop-house Manners with him. He would feel around his Plate for the Yellow Ticket with the Granulated Sug ir caked on it, and perchance be wold ask the Maid if she had an Even-

g Paper lying around loose. He had formed Certain Habits infrom the Rank Outsiders and the Hoi Polloi. It was Second Nature for him to plant noth Elbows on the Table and use the Celery as a Whisk Broom, and try to balance the Kulfe on the Fork, and spill some Salt on the Tablecloth and write his Name in it with a Toothpick. needed a Check-Rein and Hobbles hold him back in his chair and keep from Playing with the Table

About the Time that he was 40 and a confirmed Reuben, he got in the Rise in Industrials, and the of Prosperity carried him out of the H H Bedroom and lauded him in a ite that he called a Suit

Suite that he called a Suit.

He crowded his Luck and Parleed
his Bats. Things came his way and
he decided that he might as well begin to Mingle with the Face Cards
and make up for lost Time. He had and make up for lost Time. He had read in a Bitter Editorial somewhere that anyone who had the Stuff could work the Open Sesame on the 400, and he was willing to relinquish a few Shares of Sante Fe Preferred in order to see his Name linked with those of the Eutterlies of Fashion. those of the Entterlies of Fashion. He had noticed that everyone made Fun of the People of Scelety and tried to get Acquainted with them, and he was willing to be a Member of the Despised Faction. Besides, he wanted to take a Fall out of the Social Life

to take a Fall out of the Social Life of the Time in order to appease his Curlosity and find out if it was as Gay as it had seemed to One standing outside with the Coachmen and getting now and then a Glimpso through the Plate Glass Windows. A Piano-Player who went right into the Best Houses unless they happened to hear about it in Time, said he would Fix it for him. So the Hall Bed-Room Man had a lot of Clothes made with Silk Lining, whether it showed or not, for he was determin-

a Quiver. He began to understand that he had shouldered quite a Contract when he tried to break away from the Herd and run forward with the Bell-frows.

Still, he made a Flying Start. The Piano-Player worked him into a Dinner Party, because nearly every one had sent Reprets on account of the Mosters below from a great deal with ner Party, because hearly every one and cent Regrets on account of the Hostess being seen a great deal with her Husband, and it was supposed there must be something Wrong. Besides, she did not want to have just Thirteen at the Table, and that is how the Hall Bed-Room Man wedged in. He received his Invitation at 6.15, and at 6.45 he was on the Sect with a lew Pair of Patent Leathers that

acw Pair of Patent Leathers that still showed the Size Mark on the Bottom when he jauntily crossed his Legs to show that he was at Ease.

He noticed that he was the only Gentleman present who wore Turquoise Studs, with a Black Handker-chief folded across the Abdominal Region so as to produce a Dressy Effect. He feared that he was not as the Rigger as some of the Boys that chief folded across the Abdominal Recipion so as to produce a Dressy Effect. He feared that he wan not as de Riguer as some of the Boys that had been in the Game for a Season or more, and it Rattled him so that he weed the Large Spoon for the Pottage secrets and the spy was sent trade secrets and trade secrets and the spy was sent trade secrets and the spy was sent trade secrets and trade ne used the Large spool for the trade secrets and the spy was sent to large. He tried to watch the Others to lail and his tricky employer was punished in the same way.

Act well at the moment and you will have parformed a good action to all eternity.—Lavater.

ras. By the Time he reached Ice ream he had no Tools left except cute little Harpoon and something hat looked like a Surgical Instruwas. Cream

ment.

He rather Tripped up on the Conversation, too, for he had not learned to play Golf and never had been to see the Rogers Brothers. Once he thought he saw an Opening, and he offered to show his new \$200 Watch, but every one started to Talk about something else, and the Piano-Player kicked him under the Table.

He went home from the Dinner wondering if he wouldn't do better on the Night Shift at the Glue Works than in the Front Row at a Function.

au Effort on her part to make a Date.

He saw that there were a great many Fine Points in the Society Racket that were New Ones on him. Racket that were New Ones on him.

So he weat out and bought a Little
Book written by a Space Man living
in a Steg Hotel, informing People how
to Behave so as to give the Impression that they were Well-Bred, no
matter what the Facts might be.

He went up to his Suite and read
the Book and discovered that during the whole 10 years of his life
he never had done anything According to Hoyle.

He had been accustomed to carryhis Laundry with him each Satur-

his Laundry with him each Satur-day Evening. The Book said that earrying a Buntle in the Street was little worse than Sheep-Stealing, and almost as bad as beating a Crippled

Child with a Mallet.

He nearly choked with Shame when he read that any one who played a combination of Frock Coat and low Derby was guilty of a Misdemeanor, and to omit the Stick or Umbrella was nothing short of a High Crime.

High Crime.

It said that all Vegetables should be carried on the Fork. He did not believ it could be done at all, except after Years of Rehear-He read that Men must not wear

Jewelry. He had always supposed that no Man could be out-and-out Genteel on anything less than 14 Carats. there was something more

Carats.

Then there was something more about the Spoon. Any one leaving a Spoon in the Cup could be set down as a Boer, whatever that meant. And any one breaking Crackers into the Soup deserved to be drawn and Quartered.

But what Stopped him was the Waming that no one drinking from

Warning that no one drinking from the Saucer could be telerated in the Best Circles. He wondered if ought to seald himself, merely to be Correct.

When he concluded the Book and perceived that he had invariably violated every Rule from A to Z, he knew that he did not belong, and

never would, so he blew out the gas, and they found Him there in the Morning.

MORAL.—TO INSURE PEACE OF MIND, IGNORE THE RULES AND REGULATIONS.—George Ade.

HOARSENESS. THROAT IRRITATION, M'NISTERS' SORE THROAT CURED BY CATARRHOZONE

These complaints are prevalent at this season and needaftention, for if neglected they develop catarrh, and perhaps consumption. Catarrhozone is the proper remedy to have at hand. It is a simple but effective inhaler treatment, the quickest and nost certain cure, and the only one that is absolutely safe and convenient to use. Children who have a perfect horror oll kinds of internal medicines, readily take to Catarrhozone and will use, and thus they can be speedily cured of their miror aliments, such as croup, sore throat, etc. Ministers, lawyers, singers, actors, those whose work brings a strain on the vocal organs, use Catarrhozone because they find it strengthens the voice making it capable of greater endurance and freeing it from all hoarseners and huskiness.

CATARRHOZONE, when inheled, goes wherever the air you breathe will go; it cures because it gets where the rouble really is; consumptives, asthmatics, sufferers from any form of catarrh, asthma, brouchitis, throat irriation, cold in the head, all find in Catarrhozone a veritable boor. It strengthens the lungs kills the germs of catarrh and consumption, soothes and eases the bronchial tubes and threat, and cures impaired hearing caused by catarriff.

MR. ALEX. SMITH, Cardinal, Ont., says:—

GREAT VALUE OF VIOLETS. Sales of This Flower Alone Amoun to \$1,000,000 Year.

The annual sale of violets through the United States is estimated at less than \$1,000,000 out the United States is estimated at not less than \$1,000,000, says a bulletin that is being prepared by the Agricultural Department. One of the most widespread and destructive maladies known to attack the violet is the spot disease. This disease has been discussed in the florists' journals under the state of says the secondary of says that is community. discussed in the focusts journals under a variety of names, but is commonly known as the "violet disease," growers not generally recognizing the fact that there is more than one malady attacking the violet.

Owing to the ravages of this disease the cultivation of the violet has been absorbed in many sections of

been abandoned in many sections of the country, and in others it has be-come necessary to adopt new methods of handling the plants during the grow-

of handling the plants during the grow-ing season.

In view of the general interest in violet culture, and the importance of the knowledge of a means of prevent-ing the disease, a bulletin has been prepared by P. H. Dersett of the division of vegeatble physiology and pathology of the United States De-partment of Agriculture, and will soon be issued as bulletin No. 23 of thu-division, entitled "Spot Disease of the Violet."

The bulletin says the disease at

The bulletin says the disease at tacks the plants at any stage of their growth, from the small unroot-ed cutting in the cutting bed to the mature plant in full flower. Plants making a vigorous, rapid, but soft or succellent growth are most subject to the discovering that first appearance gaished Chemists.

A monument to Bertrand Pelletier and J. B. Caventon, renowned as pharmaceutical chemists, was unveiled at Paris by Professor Moissau during the recent International Congress of Pharmacy, say's a British scientific periodical. Caventon was born in 1795, and studied at the Paris School of Pharmacy. While pharmaceit at the St. Antoine Hospital he met Pelletier, and their fruitful collaboration began. Two years after discovering brucine and strychnings they were able to announce the discovery of quinine, and, with rare disinterestedness, they made their work public by presenting an account of their methods and results to the Paris Academy on September 11th, and their methods and results to the Paris Academy on September 11th, and their methods and results to the Paris Academy on September 11th, and their methods and results to the Paris Academy on September 11th, and their methods and results to the Paris Academy on September 11th, and their methods and results to the Paris Academy on September 11th, and their methods and results to the Paris Academy on September 11th, and their methods and results to the Paris Academy on September 11th, and their methods and results to the Paris Academy on September 11th, and their methods and results to the Paris Academy on September 11th, and their discovering bruches and their disco
