BROCKVILLE'S GREATEST STORE

Our Whitewear Sale Extended for Ten Days

We have decided to continue our whitewear sale to the end of the month. Owing to the inclement weather many ladies were unable to attend the sale in its earlier stages and this extension of time will give ample opportunity to all to take advantage of the reduced prices. We have recently received

ANOTHER BIG SHIPMENT

of whitewear, and the choosing is practically as good now as in the opening days of the sale. Buy your spring supply of whitewear and white blouses during the next ten days and secure the liberal discount offered.

New Dress Goods

New Dress Goods Ready! This is important news. Early choosing gives you the chance to secure exclusive designs and get the cream of the values. We import all our dress fabrics direct from the manufacturers in France, Germany and England. Our new dress goods parlors give you the opportunity to see these goods to the best advantage.

A PLEASANT EVENING

One of the old-time gatherings, with the A.H.S. students as entertainers was held in the lecture room on Tuesday evening. There was a large attendance and under the presidency of Principal Massey a pleasing programme was presented.

A song by the glee club, with Miss M. Hughes at the piano, opened the programme.

Mr S. M. Anglin, accompanied on the piano by Mrs. Donovan, delighted the audience with a number of songs and was vigorously encored on each appearance.

The debate on the subject—"Resolved, that Japanese immigration to Canada is advisable for Canadian welfare"—was spirited and very interesting.

Affirmative—Alan Everitts (leader), Glenn Earl, Rena Dunham, Jean Karley.

Negative—Lloyd Wilson (leader), Harold Wiltse, Blanche Singleton, Rae Gallagher.

The speeches were necessarily brief but served to present clearly many of the salient points of this burning question. The addresses of the ladies were excellent, clear and distinct. The speeches of the leaders were particularly good, the affirmative excelling in his opening address and the negative showing up particularly well in his summing up.

The judges were Messrs M. B. Holmes, J. E. Burchell, and G. F. Donnelly and their decision was in favor of the affirmative.

A feature of the entertainment that had been anticipated with curious interest was the exhibition of wireless telegraphy by Charles Sheffield, a young student of the A.H.S. He has a natural bent for exploring the mysteries of electrical force, practical and speculative, and, largely by his own inventive genius, he had constructed the apparatus exhibited on Tuesday evening. It worked to perfection. He also exhibited a small motor and a geyser glass, both of which were viewed with interest.

This is the electric age, and it seems only reasonable to assume that, having already made such marked progress, Mr Sheffield will attain eminence in the domain of this wonderful power.

Death of Gertrude Shaw

On Wednesday, Feb. 19th, the grim reaper, Death, visited our midst and claimed for its victim, Gertrude, the youngest daughter of Mr and Mrs Robt Shaw. Though only thirteen years of age, she had gained for herself many friends.

She had been confined to her bed for several months, but her death was a great shock to her grief-stricken parents and sorrowing friends. Although being absent from school for a long time, she was not forgotten by her class mates and teacher, who assembled in a body at Christ church at two o'clock, where the funeral services were conducted by the Rev R. B. Patterson.

The floral tokens were beautiful and costly, among which was a wreath from the A.M.S. and a beautiful spray of white carnations from her Sunday School teacher. The funeral was largely attended, after which the remains were placed in the vault.

The pall bearers were Harold Rowson, Israel Dabry, Winford Gifford and Eric Dobbs.

Psychine Missionaries

A friend of Dr. Slocum Remedies writes: "Send a bottle of Psychine to Mrs. W. . . They have a daughter in decline, and I believe it would help her. I have mentioned your remedies to the family, and also cited some of the miraculous cures accomplished inside the last 18 years, of which I have knowledge."
