Just Like a Kansas Story

Swatting a fly cost a man named Zimmerman five dollars at Hiawatha in Kansas, the other day. Mr. Zimmerman was attending church when the swatting occurred. The minister was raising money and had asked for five-dollar subscriptions, when a fly sat on Mr. Zimmerman's head. He raised his hand to brush away the fly and the preacher caught the movement. "H. N. Zimmerman subscribes five dollars; who will be next?" the preacher announced. Mr. Zimmerman paid the subscription, as he said it was worth while to swat the annoying fly.

Wanted His Name in Paper

A remarkable libel suit was tried in London, Ontario, when ex-Alderman William Wilson sued the London Free Press for consistently leaving his name from the columns of that paper. He had a difference with the Free Press while he was in the council and after that his name did not appear in the paper but he was merely identified as "the Alderman," "another Alderman," or "the same Alderman." The jury could not see that he had any particular case and a verdict was rendered for the defendant, and Mr. Wilson had to pay the costs.

Earrral Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by a constitutional remedy. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a ringing sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by Catarrh, which is inflamed condition of the mucous surface. Hall's Catarrh Cure acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Distinction in Clothes

THERE is a distinctive quality created by good clothes that means much to a man. "Don't judge a man by the coat he wears," is a saying that evidences the moral appraisal that springs up naturally within us. A bankrupt business man bought a new suit with his last few dollars because the moral effect of good clothes is a great factor in civilized life. He knew it—and to-day, he is a successful man.

For years and years, Kehoe's clothes have been the standard for business men, school teachers, clergymen, doctors, and others.
