## ADDITION IS NECESSARY AT COLLEGIATE

Board Thinks People Must Soon Consider Scheme For Enlarging The School

### MAINTENANCE AGAIN

It is evident that the hardship regarding the low rate which counties pay towards the maintenance of their pupils at collegiate institutes is being felt in other cities as well as Chatham. At the meeting of the C. C. I. Board yesterday afternoon, Chairman S. B. Arnold read a letter from the chairman of the Waterloo Collegiate Board, in which that gentleman stated that Waterloo was forced to put up with conditions much the same as here. The letter asked that Waterloo receive the co-operation of Chatham in having a strong resolution passed at the meeting of the Municipal Association. This resolution will be forwarded to the Government.

Col. Rankin moved, seconded by Mr. Liddy, that the letter be placed on file and referred to the new Board of Education. Carried. Chairman Arnold read the report of the Inspector of Collegiates, who was here a short time ago and made an inspection. The report appeared in a previous issue of The Planet, and our readers will therefore be familiar with its contents. Speaking relative to the matter, Mr. Arnold said that he had been in conversation with the inspector while the latter was in town, and his attention had been drawn to the present cramped state of the building. It was evident that something must be done to relieve this state of affairs.

Mr. Richards, reporting for the special committee on the matter, said that he and Col. Rankin had appeared before the City Council making representations relative to the present cramped state of the Collegiate building, and bringing to their attention the Board's recommendation regarding the erection of an addition. The matter had been referred to the Finance Committee by the Council, but nothing had since been done. Mr. Richards said that he had since interviewed the chairman of the Finance Committee, but the Council had not yet done anything, and the special committee from the Board had come away with the impression that the Council did not look on the proposition to erect an addition to the Collegiate with any too much favor.

Chairman Arnold said that the only feasible way of solving the difficulty would be to have a by-law submitted to the people at the next municipal elections, and find where they stood on the question.

The matter was left in the hands of the special committee to take what steps they deemed advisable. Col. Rankin referred to the matter of Miss Lafferty's absence from the Collegiate. Miss Lafferty had been given one month's leave of absence on account of the serious illness of her mother, and a substitute, Miss Dwyer, had been engaged to take her place. Her time would be up by the ninth of the present month, but the Board would be unable to get Miss Lafferty to pledge herself to continuous work, so he understood, as she might have to leave at times again. This would mean a serious inconvenience to the Board, so, in his estimation, it would be wise to engage the present substitute till Christmas, if Miss Lafferty were unable to give her continuous services till that time, and should she still be in the same predicament at Christmas, the Board would be forced to make a permanent appointment of someone to take Miss Lafferty's place.

It was moved by Mr. Richards, seconded by Col. Rankin, that the Board tender a vote of appreciation to Principal J. W. Twobey on the very complimentary report on his work presented by the Inspector. Both trustees paid high tribute to Mr. Twobey, and said that it was a matter of much satisfaction to the Board to receive such an excellent report on the manner in which he was conducting things at the Collegiate. The motion was carried unanimously.

It was moved by Mr. Richards, seconded by Col. Rankin, that the Principal be empowered to make a selection of new books for the Collegiate library, not to exceed \$30.—Carried. Those present at the meeting were, Mr. S. B. Arnold, chairman; Lieut. Col. Rankin and Messrs. Liddy, Richards, Mounteer, Robert and Principal Twobey.

The following accounts were recommended paid:  
Hamington Typewriter Co., \$50.  
City Water Works, \$11.25, \$7.50.  
C. P. R., \$13.00.

The Planet, \$5.50.  
R. Riddell & Sons, \$1.15.  
H. Malsolmson, \$5.80.  
Ratley Co., \$24.28.  
C. Austin, \$2.70.  
J. C. Wanless, \$18.73.  
Blonde Lumber Co., \$101.33.

## MR AND MRS MARSHALL ARE CELEBRATING THEIR FIFTIETH ANNIVERSARY

An interesting event took place at the home of Mr. and Mrs. James Marshall, Queen street, to-day, when they and their relatives celebrated their golden wedding anniversary. Beautiful crisp autumn weather favored the occasion. This most respected Maple City couple, who have both attained a ripe old age over the allotted three score and ten, and who took part in the proceedings with as much zest as many of the younger people, were the recipients of many heart-felt congratulations. The occasion was marked with solemn high mass at St. Joseph's church at 9.30, at which Rev. Fr. James officiated, assisted by Rev. Frs. Herman and Scanlon. The couple approached the altar rail, where they received the blessing, while Miss Nellie Rhody played the wedding march. Mr. Reg. Pleasance sang in our true home beyond the grave, the most acceptable style "Ave Marie." The event was both solemn and inspiring.

Mr. and Mrs. Marshall who are celebrating their Wedding Anniversary

On their return to Mr. and Mrs. Marshall's residence on Queen street, the guests sat down to a tasty repast, at which toasts were made and responded to, and the celebrants congratulated. During the course of the festivities, they were made the recipients of a purse of gold and an address presented by Mr. Ed. Taylor. There were about 55 guests present, all of whom were relatives.

The wording of the address was as follows: "What shall I render to the Lord for all His gifts to me? This spoke the Psalmist, while his heart thrilled sweetest melody. And what shall we render to our Heavenly Father for all He has done for us? Let us, unite in grateful thanksgiving to the Most High while the joy-bells of our hearts ring out a joyous peal. Yes, let our glad voices mingle in praise and in prayer and in loving reverential greetings to our cherished jubiliations. Dear parents, 'tis my proud and happy privilege to greet you in the name of all your loving children and grandchildren, and to tell you that

have something great to win. Ald. Austin said that he had written the secretary of the power commission and he expected some figures from him. It was a question of Continued on Page Eight.

## NIAGARA POWER IN CHATHAM

The City Council Will Make A Strong Effort To Secure It—Meeting Of Power Users Will Be Called

A short time ago an article appeared in this Great Home Journal to the effect that the Windsor Council was after Niagara Power for Windsor, with excellent chances for success. It was found by the power commission that Niagara power can be transmitted to Windsor cheaper than it can be supplied in Fort William, where it is now used with excellent results. It was added that Chatham, being nearer Niagara than Windsor, should be a good market for this power, and its coming here would mean a great benefit to the industrial interests of the Maple City.

At last night's meeting of the City Council, the question came up, and Ald. Austin announced that he had been in communication with Hon. Adam Beck relative to the matter, and he was at present securing estimates of the probable cost of Niagara power delivered in Chatham. Ald. Austin has acted promptly in this matter, and is showing that he has an eye to the best interests of the city. Ald. Scullard suggests that a meeting of the power users of the city be held this week and receive an address from Hon. Mr. Beck. It is quite likely that this will be done. The matter was brought up by Ald. Scullard, who was in the chair. He said that in conversation with Ald. Austin he had learned of the negotiations at present going on between Ald. Austin and Mr. Beck. Mr. Beck thinks that power can be delivered here at very good terms. We have nothing to lose and we may

## VACCINATION COMPULSORY IN EAST END

Board of Health Decides to Take No Chances on An Outbreak of any contagious Disease

### A WISE PRECAUTION

The Health Board decided and passed a resolution at their meeting yesterday afternoon to the effect that all the residents of the East End must be vaccinated. This was done on the recommendation of the Medical Health Officer, who deemed vaccination advisable as a health measure. It is not that there is any great cause for alarm at the present time, but Dr. Hall in advocating that this work should be done, showed considerable foresight. It was found on recent investigation that it was from the East End that most of the cases of small-pox prevalent in the city originated. The Health Officer believes that an ounce of prevention is worth a pound of cure. He explained that it was during the winter months that small-pox was most prevalent, by reason of people being indoors so much, and he thinks that if the residents of the East End are thoroughly vaccinated, it will do much towards preventing another outbreak.

The other members of the Board were in accord with Dr. Hall's recommendation, and it was decided that Dr. Miller should be engaged to vaccinate the East End people. He will be paid a salary of \$4 a day, which is considered to be quite a low figure for the work. In the Township of Dover, where similar work was done, it is understood it cost the municipality \$15 a day. Drs. Hall and Charteris, who at a previous meeting were appointed as a committee to look into the matter of cutting ice in the local streams, brought in a report to the effect that no person be allowed to cut ice for domestic or other purposes without a permit any place west of the Seventh street sewer to the city limits, or within 150 feet east of the same sewer in the river; and that no person be allowed to cut ice for domestic or other purposes any place in McGregor Creek. It was moved by Messrs. Wanless and Baxter that the report of the committee be adopted by the Board.—Carried unanimously.

This report now becomes a health regulation, and if broken is punishable by law. Those present at yesterday afternoon's meeting were Dr. C. R. Charteris, chairman, Medical Health Officer Hall, Health Inspector Webber, and Messrs. Richards, Wanless, Baxter and Secretary McLeet.

## WEEK OF SPECIAL SNAPS IN CHINA

When in Germany I bought Special China awfully cheap. I am going to give my customers the benefit of my bargains for this week.

Beautiful Small Cream Jugs, 5c  
Handsome large Pitchers, 15c.  
Cake Plates worth 25c. for 10c  
Berry Sets, consisting of 1 bowl and 12 nappies for 50c.

You Never Saw A Doctor

Either of law or medicine, who didn't have a pair of rubbers right handy, they've learned to take no chances. Guess every M. D. in town gets his own and his families' rubbers here.

Ours aren't medicated but they do keep out colds, asthma, rheumatism, throat troubles, etc., and besides the prices are a tonic to your pocketbook. Come in and be fitted while the sun shines and the streets are dry. We will send them up to the house for you.
