## GREATLY ALARMED.

By a Persistent Cough, but Perma-  
nently Cured by Chamberlain's  
Cough Remedy.

Mr. H. P. Burbage, a student at  
law, in Greenville, S. C., had been  
troubled for four or five years with  
a continuous cough, which he says,  
"greatly alarmed me, causing me to  
fear that I was in the first stage of  
consumption." Mr. Burbage, having  
seen Chamberlain's Cough Remedy ad-  
vertised, concluded to try it. Now  
read what he says of it: "I soon felt  
a remarkable change, and after using  
two bottles of the twenty-five cent  
size, was permanently cured." Sold  
by All Druggists.

## George Francis Train's Wit.

One of George Francis Train's wit-  
tings was: "People call me insane. I  
don't wonder. What would a village  
of peanuts say if a coconut rolled in  
among them?"

## DRUGGISTS WARRANT EVERY BOTTLE.

If troubled with rheumatism, give  
Chamberlain's Pain Balm a trial. It  
will not cost you a cent if it does no  
good. One application will relieve the  
pain. It also cures sprains and bruises  
in one-third the time required by  
any other treatment. Cuts, burns,  
frosthites, quinsy, pains in the side  
and chest, glandular and other swell-  
ings are quickly cured by applying it.  
Every bottle warranted. Price 25 and  
50 cents. For sale by All Druggists.

## A Contrary Bird.

It is commonly assumed by ornithol-  
ogists that every species of migratory  
bird breeds in the most northern por-  
tion of its range. It has been found,  
however, that the Australian sand do-  
tteri goes south to breed, traveling to  
the south of New Zealand or as far to-  
ward antarctica as it can get.

## ORDINARY CORN SALVES CON- TAIN ACIDS.

But the old reliable Putnam's Corn  
Extrator is entirely vegetable in  
composition and does not eat or burn  
the flesh. It gradually lifts the corn,  
causes no pain, and cures permanen-  
tly. Price 25c. at all druggists. Use  
only "Putnam's."

## An Alphabetical Menu.

Apples, bananas, coffee, dumplings,  
eggs fried, grape fruit, halibut, Italian  
jam, Knickerbocker lamb, mince, nou-  
gat, orange pie, quails roasted, stewed  
tomatoes, underdone veal, waffles, ex-  
traordinary yams from Zululand.

## IF YOU HAVE A BAD COLD

If you are sneezing and suffering  
from a "stuffed-up" head and run-  
ning eyes the best plan is to get frag-  
rant, healing Catarrhazone, the  
quickest and surest cure for cold in  
the head, coughs and catarrh ever  
discovered. This great healing agent  
is carried by the air you breathe all  
through the passages of the nose,  
throat and lungs. It soothes the ir-  
ritated membranes, kills catarrhal  
germs, instantly stops the cough and  
sneezing. It's the antiseptic vapor of  
Catarrhazone that does the curing. A  
trial proves that a cold can be killed  
in a few minutes by Catarrhazone.  
Money back if it fails. Complete out-  
fit \$1.00; small size 25c.

## Curling Hair in Japan.

If a Japanese lady has the misfor-  
tune to possess curly hair she devotes  
as much time and trouble to make it  
smooth as do European ladies, with  
curling tongs and pins, to make theirs  
curly.

## A GOOD COMPLEXION.

Is a joy to every woman's heart  
and man is vain enough not to de-  
spise it. Beautiful complexion means  
pure blood, or in other words a  
healthy body. Tens of thousands of  
women take Ferrerozone because it's a  
splendid blood builder, keeps the sys-  
tem in perfect order and helps the  
complexion wonderfully. "I consider  
Ferrerozone the best remedy I know  
of," writes Miss Ada E. Branson, of  
Pembroke. "My skin used to be sal-  
low, but after taking a few boxes of  
Ferrerozone a rosy tint was notice-  
able on my cheeks. I can recommend  
Ferrerozone as a tonic also." For  
good health and beauty use only Fer-  
rozone. Price 50c. at druggists.

## ASSIST NATURE.

You have been told to "hitch your  
wagon to a star"—that Nature will  
assist you. That's all right. There  
are times, however, when you should  
assist nature, and the spring is one  
of these times.

Nature is now undertaking to  
cleanse your system—if you take  
Hood's Sarsaparilla the undertaking  
will be successful, and your complexion  
bright and clear.

## BEATING GOLD LEAF

THE WAY THE SQUARES OF METAL  
ARE WORKED UNDER THE HAMMER.

Gradually Reduced in Thickness Un-  
til the Sheets Are Transparent and  
So Fine That 300,000 of Them in a  
Pile Would Measure but an Inch.

A local sign writer was in the win-  
dow of a large F street establishment  
putting gold leaf on the outlines of let-  
ters he had made with a stencil. The  
curiosity of a reporter was aroused as  
to how these tiny sheets of gold were  
reduced to such minute thickness. A  
visit to the establishment of one of  
Washington's largest sign writers and  
a talk with the proprietor brought forth  
the following:

"I learned the gold beater's trade in  
Rochester some years ago. Imagine a  
slab of gold measuring eight inches in  
width, ten inches in length and half an  
inch in thickness being reduced to  
3,520 sheets of gold, each five inches  
square and almost transparent, and  
you get a vague idea of the queer in-  
dustry known as gold beating.

"Imagine a square of gold three-hun-  
dreds of an inch in thickness, and you  
will appreciate the brawn and  
bracket making for the result, and then  
reflect that the word 'beating' means  
just 'beating'—for no power other than  
the strength of a man's arm is used in  
the process—and you will have been  
mentally initiated into the mysteries  
of a silent art.

"Few persons are familiar with the  
work for several reasons: First, there  
are less than twenty-five gold beating  
establishments in the country; second,  
it is an exclusive industry, and few,  
either manufacturers or laborers, are  
admitted to its secrets, and third, the  
trade is limited. Therefore it is a most  
interesting study.

"The gold beater buys direct from the  
government assay office, where the  
gold is weighed, stamped and guaran-  
teed. A fraction too much of alloy  
would cause it to pulverize or part into  
fragments. Twenty-three carat gold  
is used exclusively. Usually the gold  
comes in nuggets weighing fifty-five  
pennyweights and valued at \$55 each.

"After the gold has been received it  
is placed in a crucible and made ready  
for the beating about to follow. It is  
molded into a shape which will fit into  
the only power machine in the place,  
which compresses the gold into a rib-  
bon ten yards in length, one inch in  
width and the thirty-second inch in  
thickness. Out of this ribbon are cut  
220 squares of equal size.

"The work of reducing is begun. To  
each workman is given twenty-five  
squares, and these he places between  
the leaves of a book. This book is a  
'kutch' paper and is sealed with a pa-  
tent envelope device which prevents the  
loss of particles of gold, a precaution  
made necessary by the many turnings  
and dippings of the book in the pro-  
cess. A sixteen pound hammer is used,  
and the beater is compelled to work un-  
interruptedly for twenty minutes to  
gain the desired measurement.

"Wielding a sixteen pound hammer  
for a few seconds only is exhausting  
work for the uninitiated, but the beat-  
ers hammer away as if it was boys' play.  
They must grasp the end of the ham-  
mer farthest from the head, which in-  
creases its weight, but the benches  
they use are so constructed that they  
cause a small rebound of the hammer.  
When the 'kutch' book is opened  
twenty-five sheets are taken out, and  
each sheet of gold is cut into four  
pieces." Its thickness has been reduced  
in the operation from one thirty-  
second of an inch to one one-hun-  
dredth of an inch. Twenty-five of these  
squares are put into a book called the  
'shodder.' The 'shodder' is not a pa-  
per, but a skin; and it is said that cer-  
tain intestinal parts of 500 oxen are  
required to make a package or book  
of twenty-five papers. The 'shodder'  
is made in England by a secret pro-  
cess. It is the most exclusive industry  
in the world.

"Like the 'kutch' book, the 'shodder'  
book is sealed and handed to the art-  
ist, who is required to pound it ninety  
minutes with a twelve pound hammer.  
This reduces the thickness, and when  
it is taken out of the book each leaf  
of gold is again cut into one inch  
squares. This time the gold is so  
fragile that a metal knife blade, no  
matter how sharp, would break the  
edges; so a knife with double blades  
is used, requiring only two strokes to  
cut a square.

"Now comes the last beating. Each  
square is again put into a book called  
a 'mold.' Forty minutes' beating is  
required to give this the proper size.  
When the leaves of gold are removed  
they are transparent, but perfect in  
shape and unbroken. It would require  
300,000 of them to make one inch in  
thickness.

"The last operation is to send them  
to the booking room, where women re-  
move the gold leaves and place them  
in wax paper books ready for sale.  
The leaves are so delicate that they  
can be handled only with bamboo  
sticks. So adhesive is the gold that if  
a leaf is broken in removing it is eas-  
ily patched without a trace of it being  
apparent to the naked eye."

## Story of a Widow's Mite.

Here's a "widow's mite" story. A  
widow in West Bromwich, England,  
obtained a farthing in a breach of  
promise action she brought against a  
faithless sweetheart. She put it in the  
window of her tobacco shop with a  
printed warning to trusting women to  
beware of "Mizpah" rings, and invit-  
ing men to come and buy "breach of  
promise cigars" and "widow's mite  
cigarettes." The result was such a big  
business that the police had to stand  
by to keep the pavement clear, while  
nineteen men, mostly widowers, came  
and offered themselves in marriage.

## SCOURGE OF THE AGE IS KIDNEY DISEASE

### Terrible Increase in the Num- ber of Deaths from This Ailment

### It is Common to All Classes and Conditions of People

It Creeps Stealthily, Lacerates the Sys-  
tem and Develops into Many Dis-  
eases.

Bright's Disease, Heart Disease, Dia-  
betes, Dropsy and Rheumatism, are  
Among the Forms It Takes.

Dodd's Kidney Pills The One Rem-  
edy That Never Fails To Cure It.  
No Matter How or Where It Is  
Found.

Of all the diseases the human body  
has to combat in its struggle for  
health, the one that is steadily grow-  
ing in strength and terror is Kid-  
ney Disease. Quietly, stealthily as a  
serpent, it creeps on its victim until  
the latter is enveloped in its folds,  
and the greatest physician the world  
has ever known stand helpless be-  
fore it. As the last fold goes around  
the struggling victim and the doctor  
shakes his head and whispers  
"Bright's Disease," hope fades to noth-  
ing, and the sorrowing friends  
feel that death has marked their  
loved one for its own.

The alarming increase of this ter-  
rible disease is making it evidenced  
by the columns of almost every news-  
paper. For not among the lowly of  
the earth alone does it look for its  
victims. Statesmen, judges, eminent  
lawyers, and honored divines are  
numbered among those who in re-  
cent months have gone down to their  
graves with the fell marks of this  
dread disease upon their bodies. In  
fact, so prevalent has the disease  
become that a celebrated New York  
specialist stated recently that not  
one person in a hundred was free  
from some latent form of Kidney Disease.

### WORKS IN SECRET.

It is the secrecy of Kidney Disease  
that makes it the more dreaded.  
You can fight an enemy in the open  
with some chance of success, but if  
he is lying in wait to take you at an  
unwary moment your chances of  
successfully fighting him are terribly  
diminished. So it is with Kidney  
Disease. Its first warnings are so  
faint as to be hardly noticeable, a  
slight pain in the back that is charg-  
ed up to over exertion, a slight dis-  
coloration of the urine or a burn-  
ing sensation while urinating that  
hardly attracts attention. That is  
all. But that means that Kidney  
Disease is at work gradually eat-  
ing its way into your system. The pain  
in the back grows more severe, the  
urinary trouble more complicated,  
swellings under the eyes and of the  
limbs denote the coming of Dropsy,  
and muscles tell that Rheumatism  
has you in its grasp, or perhaps a  
day or two's illness leads to the call-  
ing of the doctor, and suddenly the  
terrible truth is forced upon you—  
Bright's Disease has you in its grasp.

### WAY OF ESCAPE.

With this silent, relentless enemy  
slowly but surely eating its way into  
prominence and making that pro-  
minence by a yearly increase in the  
length of its death list, the demand  
of the day, of this hour, is "Show us  
the way of escape." Nature never  
put mankind in a critical condition  
without providing a way of escape  
—providing mankind were wise  
enough to take the way provided.  
In this case the way of escape is a  
simple vegetable remedy. It has  
been before the people of Canada for  
thirteen years, and like all the great  
relievers of nature, has been first  
received and first appreciated by the  
lowly in life, those known as the  
common people of Canada.

Let the common people of Canada  
who die of Bright's Disease! No, it  
is the bright and shining marks,  
the heads of the masses. Ask the rea-  
son of this! Go to the people, who  
are practically exempt from Kidney  
Disease in its worst form, and ask  
them: "With almost a single voice  
they will reply: 'We cure our Kid-  
ney ailments with Dodd's Kidney  
Pills, and they never get a chance  
to develop into that terrible disease  
that carries so many prominent men  
into the grave.'"

### ON WITH HIS WORK.

And so it is; the man who does  
manual labor must heal his slightest  
aches or he hinders him in his work.  
When he has backache he cures it  
with Dodd's Kidney Pills, and goes  
on with his work; when he feels a  
twinge of Rheumatism he drives it  
out of his body with Dodd's Kidney  
Pills—and goes on with his work.  
Necessity has taught him that he  
must cure his Kidneys to get rid  
of his pains, for he must work to  
live. He has not been educated to  
that standpoint where a prescription  
to cure must be written by a  
specialist at a cost of dollars to  
every letter. He may not even know  
that there never was a disease that  
took him in all classes of the com-  
munity, that nature provided a  
cure within the means of all classes  
of the community. What he does  
know is more to the point than all  
this. He knows that Dodd's Kidney  
Pills will cure all aches which ex-  
perience has taught him come from  
the Kidneys. He takes Dodd's Kid-  
ney Pills, and goes on with his work.

### SOME EXCEPTIONS.

Of course, there were exceptions  
to every rule. Even among common  
people there are those who neglect  
the early warnings of Kidney Dis-  
ease. It takes exceptions to prove  
the rule—but many of these exceptions  
prove more—they prove that no case  
of Kidney Disease is too far gone for  
Dodd's Kidney Pills to cure. Bright's  
Disease, Diabetes, Dropsy, Heart Dis-  
ease—all the varied forms of Kidney

disease in its advanced stages—have  
been met by Dodd's Kidney Pills, and  
never once has Canada's great Kid-  
ney Remedy had to admit defeat.  
From the Atlantic to the Pacific, and  
from the Great Lakes to Hudson Bay,  
Dodd's Kidney Pills are used, and  
whenever used they have triumphed  
over Kidney Disease in its every  
form. Thousands of Canadians are  
showing their praises of the con-  
queror.

Just a few of those who have un-  
gloosed the early symptoms, reached  
the more advanced stages of Kidney  
Disease, and found a cure in Dodd's  
Kidney Pills are given below. There  
are thousands of others. Ask in  
your own immediate neighborhood.  
You will not have to go far to meet  
men, women and children who have  
either ward off or cured the terror  
of the present age by using the old  
Canadian stand-by—Dodd's Kidney  
Pills.

### BRIGHT'S DISEASE CURED.

Bright's Disease has invariably  
yielded to a treatment of Dodd's Kid-  
ney Pills, no matter how firm a hold  
it had secured on its victim. Possibly  
the most talked of case of recent  
date is that of Alice Maud Parker,  
of Shubenacadie, Hants Co., N. S.  
The full story of this case will be  
found in the current number of  
Dodd's Magazine. Herewith a short  
statement from the young lady's  
mother is appended:

Two doctors pronounced my daugh-  
ter's illness Bright's Disease, and gave  
her up to die. Her eyelids swelled  
till she could hardly see; her legs  
from her ankles to her knees swelled.  
Her belt in health in health was 28  
inches, when she was at her worst  
it was 48 inches. Then she gave up  
another treatment and started to  
take Dodd's Kidney Pills. By the  
time she had taken the first box I  
saw a change. It took a long time  
to bring her back to perfect health,  
but Dodd's Kidney Pills did it. To-  
my daughter is in perfect health.

Mrs. T. G. Parker,  
Shubenacadie, Hants Co., N. S.

### DIABETES CURED.

Diabetes is another of the most  
fearful and fatal forms of Kidney  
Disease that has been cured by Dodd's  
Kidney Pills, and by no other medi-  
cine. Among those cured of this ter-  
rible ailment is Mr. Charles Gilchrist,  
for fifteen years Chief of Police of  
Port Hope and afterwards for twenty-  
two years Fishery Overseer under the  
Dominion Government. He makes the  
following statement:

I was a sufferer for ten years with  
Diabetes and Kidney Disorder. At  
times my urine was of a dark brick  
color, and I would suffer something  
awful while passing. I tried doctors  
and medicines, but could get no help  
till I tried Dodd's Kidney Pills. They  
have made me a new man. The citi-  
zens of Port Hope all know me, and  
can vouch for the above.

Chas. Gilchrist,  
Ex-Chief Const and Fishery Overseer,  
Port Hope.

### HEART DISEASE CURED.

Heart Disease is a result of Kidney  
Disorder. Bad Kidneys mean im-  
pure blood, the action of impure blood  
on the heart causes Heart Disease.  
Dodd's Kidney Pills cure it:

I suffered for years with Heart  
Disease, Bright's Disease and Rheuma-  
tism. I was so feeble I was unable  
to do anything. There were three  
months I abandoned all medicines,  
and resolved to let myself die. Then  
I was led to try Dodd's Kidney Pills,  
and the good news first box did me  
surprised me. I have taken twenty  
boxes in all, am well of my Heart  
Disease, my Bright's Disease and my  
Rheumatism.

Dame Louis Provost,  
St. Magloire, Que.

### DROPSY CURED.

Dropsy, another disease caused by  
diseased Kidneys failing to do their  
work and remove the surplus water  
from the blood, is another ailment  
Dodd's Kidney Pills always cure. Here  
is an example:

I was a total wreck before I start-  
ed to use Dodd's Kidney Pills. In the  
mornings before I got out of bed I  
could hardly put my feet to the floor  
they were so much swollen with drop-  
sy. My arms used to swell at times  
so that I could not put on my coat.  
I had to be tapped to be relieved  
from my terrible pains. On the ad-  
vice of a friend I started to use  
Dodd's Kidney Pills. Before I had  
finished the second box I felt much  
better. Seven boxes cured me com-  
pletely. I don't know what it is to  
be sick since I used Dodd's Kidney  
Pills.

George Robertson,  
392 St. James St.,  
Montreal, Que.

### RHEUMATISM CURED.

Rheumatism and kindred Kidney  
Diseases, such as Lumbago, Sciatica,  
and Gout, are caused by uric acid in  
the blood. If the Kidneys are put  
in working order they strain all the  
uric acid out of the blood, and the
