War Courage

MANY a man in Canada, willing to go a-warring across the seas, is unwilling to fight at home—against the shadowy foes of bad times or of business depression.

This is a time in Canada when Canadian business men should fight—fight to capture new trade and to hold old trade. To stop one's advertising is to withdraw a powerful offensive and defensive force, and to expose one's business without a guard. If the courage of manufacturers, wholesalers, retailers—the generals and captains of trade and industry—fails the courage of the nation will ebb.
