ARGONAUTS ARE CONFIDENT.

Boatmen Think They Will Defeat the Tigers.

Montreal Paper Reviews the Interprovincial Teams—Ottawa Players Blamed for the Row Last Saturday—Wrestling at the White House in Washington.

Toronto, Nov. 12.—That memorable battle at "Varsity" oval last fall, when the Hamilton Tigers beat the Argos in the last three minutes of play, has been sticking in the crops of the oarsmen ever since, and a determined effort to dislodge it will be made here on Saturday, when the Canadian champions come for the final game of the year.

To give the great Tigers a beating would be balm for the loss of the Canadian championship. The oarsmen will line up the team which gave the coming Montreal champions a 9 to 7 battle here on Thanksgiving Day, while the Mountaineers will have as good a team as can be presented without Ben Simpson. Gordon Southam, the sensation of the year, will be back in the game after being laid up with a wrenched ankle, Pete Flett, the dashing Argo half, will be in harness again, and a great punting duel is looked for between this pair. Considerable rivalry has been created between Flett and Southam, and neither goal will be safe if the ball gets within crop kicking distance.

Coach Dr. Wood would rather beat Hamilton once than Montreal twice, and the Argos will be out every day this week in preparation for what promises to be the best local game of the season.

LAST SATURDAY'S BIG GAME.

Montreal Gazette: Montreal played a game that was a revelation to those who had disappointed in the battle with Hamilton. From the start the team had Ottawa on the defence most of the time, and in the last quarter the warriors from the capital were playing off their feet. Stinson's great punting and the speed of the Montreal wings were the main things that upset Ottawa. Another thing that bothered the Rough Riders was the way the ball was handled by Montreal back of the line. Probably no team in the world has ever shown such resource. The work of Chaucer Elliott was plainly evident in the way in which criss-cross runs and other trick plays puzzled the Ottawa wings. The ball was handled so swiftly and accurately by the half-backs that the Ottawa ends were skirting many times for good gains, chiefly by Craig, who was in his best form for the first time this season. The Montreal captain also handled his team in a manner that left little or no occasion for criticism.

PRaise for Elliott.

Toronto Globe: Chaucer Elliott must have the right recipe. When Montreal beat Ottawa Saturday by a decisive score the red and black clinched the Interprovincial championship. When Ottawa was good enough to trim the Hamilton Tigers Thursday it must be admitted that Montreal is pretty strong and there is little doubt that Elliott's team would beat the best in the Intercollegiate Union were they to meet. Montreal is entitled to the Dominion championship, it would seem.

FOOTBALL vs. SMALLPOX.

Chicago, Nov. 12.—Commissioner of Health Evans yesterday issued an order that all members of the football team of the University of Chicago be vaccinated at once because two of the students at the university have smallpox. One of the students is suffering from the affliction is a member of the football team. The members of the team say they will not be vaccinated, and they will continue to play a game with Carleton scheduled for November 23.

OTTAWA LOSES FERGUSON.

Ottawa, Nov. 12.—Peter Ferguson, quarter-back of the Ottawa team, made his final appearance in Canadian football in the Montreal game on Saturday. He has decided to return to his old home in Scotland, having better prospects there than he has in Ottawa at present. He may later go to New Zealand. Ottawa will be sorry to lose the big Scot. A more popular man never stepped on to an Ottawa field, and he showed his versatility by playing in the scrum, on the sativity by playing in the scrum, on the wing and at quarter. He made his first appearance here with the old Ottawa College team about five years ago, and the next season went over to the Rough Riders, where he has been since. Ferguson has played Rugby in the old country, and is also a good soccer man. He leaves Ottawa this week.

"BIG FOUR" TEAMS COMPARED.

Montreal Herald: At last the dearest ambition of Montreal, so far as the gridiron is concerned, has been realized, and the Dominion football championship will this year float over the Mountain City. Montreal made good its claim to premier honors by sweeping from the way the Ottawa Rough Riders at the M. A. A. grounds Saturday afternoon. But not only in Saturday's contest did the wearers of the red and black prove superior to the other three teams of the league. The locals won the championship from the start, despite a slump such as is liable to affect the best of teams in the middle of the season. But after this short slump the boys came on again even more aggressively than ever, and the manner in which they smothered the scrappy Rough Riders in the final game proves beyond a doubt that Montreal is away the best aggregation in the league this year.

Table: Intermediate. Won. Lost. To play. Hamilton 5 1 0, Dundas 3 3 0, Argonauts 1 3 2, London 1 4 1.

Table: INTER-COLLEGIATE STANDING. Ottawa College 3 1 1 7, Toronto 3 2 0 1 6, McGill 3 2 0 2 4, Queen's 1 3 1 2 3.

A game that is attracting great attention is that to be played at Ann Arbor next Saturday between Pennsylvania and Michigan. This ought to be a hard and fast contest, for the Wolverines have a stronger team than last year, the forwards of which outweigh the Pennsylvanians about fifteen pounds to the man. "Rube" Waddell, the Athletics' pitcher, on Saturday signed to play full back on the Reading eleven. Besides playing football, Waddell will tend bar at a Reading saloon.

Windsor has some husky football teams which would make good material for the O. R. F. U., along with London, Strathroy, Petrolia and Sarnia, but the Windsorites play the American game with Detroit and other Michigan teams as their opponents.

The Yale-Princeton game on Saturday is attracting much attention. Thus far this season no team has been able to cross the Yale goal line, or in any manner to score against her, while Princeton has lost one game, and has had eleven points scored against her.

Running as an Exercise.

Where are the champion runners of twenty years ago. Nearly all are dead. How many of the champion jumpers of twenty years ago are alive, and if alive, could compete with the jumper of today? How about oarsmen? Such athletic sports seem to make life shorter, while, on the other hand, weight throwing, wrestling, etc., seem to prolong life. Some time ago, in a series of articles on hygiene and athletics, Julian Hawthorne recommended running as an exercise. I believe it is a serious error to recommend such sports. They should not be encouraged. A gentle jog of a mile or two is undoubtedly very beneficial, but to train for weeks for a mile running or bicycle race, undermines the health and vitality. Statistics bear me out in this claim.

Fireside Baseball Story.

It was during a game at Cleveland last year between the Bostons and the would-be champions. Bradley was on second base, Turner was on first, and the swatting wonder, Lajoie, was at the bat. Jimmy Collins wiggled big Willie Dineen, the pitcher, to pass Larry, but everyone knows that Dineen hates to give passes.

Canada News Via England.

Leeds, Eng., Nov. 12.—Some interesting news came to hand through Mr. John T. Myers, the late secretary of the Leeds Albion Cycling Club, whose many York friends will be pleased to hear of his well-being in Canada. He refers to a great twenty mile foot race for the Ward Marathon trophy, "in which," he says, "you will see your old Leeds athletic man, Harry Lawson, came in second. He ran a fine race, and was only just beaten by Tom Longboat." Lawson, the ex-York North of England champion, was only beaten by three minutes in this long race, his time being 1.41.59, whilst the winner's time

Some Snap Shots at Sport and Sportsmen.

Several Hamilton football fans have suggested an exhibition game here between the Tigers and the Oakdales, of Buffalo, the Buffalo champions. Manager Thompson does not look with favor on the proposal, however, as there is some doubt as to the amateur standing of the players in on the wane, since Montreal landed the championship, The Tigers, however, are confident of defeating their old rivals, the Argonauts, next Saturday. It is more than likely that Southam will again be in the line up.

One of the vessels sailing out of St. Pierre, seven of them were lost in which 123 souls were victims, the majority of whom left large families.

Ottawa, Nov. 11.—Hon. W. S. Fielding, Minister of Finance, who returned from Montreal to-night, stated with reference to the alleged difficulties in connection with financing the movement of the Western grain crop in the short space of time between now and the close of navigation, that he had been in communication with leading bankers on the subject, and that such an arrangement had been made as enabled him to say that the banks would be able to meet all the reasonable demands of the situation.

MONTREAL FRANCHISE.

What Will Happen Now That Fire Destroyed Stand? Montreal, Nov. 12.—Considerable discussion has been going on here of late in regard to the probable effect of the burning of the grand stand at Atwater Park on the future of baseball in Montreal. Last season was a very unprofitable one for the club-owners, and they dropped over \$10,000, but only recently Mr. Farrell, of New York, stated that the franchise would stay here until he could put a winning team in the field.

BONES OF ECCENTRIC DOWAGIC FARMER FOUND IN RUINS OF HIS HOME.

Dowagiac, Mich., Nov. 11.—The fine farm house owned and occupied by Geo. Fry, 77, a widower, four miles from here, was discovered in flames early this morning and the charred bones of the aged farmer were found in the smouldering ruins. Fry lived alone and the origin of the fire will never be known. It is supposed, however, that as he had a habit of smoking his pipe in bed, he had probably fallen asleep and his lighted pipe had fallen from his fingers, setting fire to the bedding.

TOOK PIPE TO BED.

One daughter, Mrs. James Atkins, the sole survivor, lives in this city. Fry, considered wealthy, was noted for his many eccentricities, one of which was his hatred of the free mail delivery. He refused to allow a mail box set up on his property and became so incensed as to even refuse to go near the post office. For fear, he never received a paper or the scratch of the pen.
