FIVE YEARS FOR AROME.

Foreigner Who Fired at Street Railway Men.

Pat Wickham Gets Off With Fine

of \$50.

Other Criminal Cases Before the Judge This Morning.

Judge Monck had a busy session this morning at the criminal court, held in the Court House. There were eight men efore His Honor, and two of them were fined and sentenced, the rest getting off.

Mike Arome, the Pole who fired a gun rather promiscuously in the neighbor-hood of the Baynes Carriage Works me time ago, was sentenced to spend the next five years of his life in Kingston Penitentiary fo rhis misdeeds. He was found guilty of shooting with intent to kill, and of shooting at a railway vehicle, which is an indictable offence

The first case taken up was that of Patrick Wickham, charged with assaulting Constable Yaxley, and also for es-

ang Constable Yaxley, and also for escaping from custody. After hearing the evidence His Honor found Wiekham guilty of assault and fined £im \$50, with an option of three months in jail. Wiekham was defended by Mr. M. J. O'Reilly, K. C. The evidence as put in by the Crown was that Wiekham was kicked and assaulted P. C. Yaxley while the latter was doing his duty on May latter was doing his duty on May last. The affair occurred on James

P. C. Thompson stated that he had is he saw the crowd gathering. They had unite a bit of trouble getting Wickham to the station, the latter kicking and ripping Yaxley several times.

Wickham denied that he had used

Wickham denied that he had used Yaxley roughly, but stated that the latter had done considerable damage to him. He said he did not kick Yaxley, but admitted having been more or less under the influence of liquor.

His Honor, in finding Wickham guilty, said that the officer had only done his duty, and it was a serious offence to obstruct an officer at any time. If it was not for the good character that the accused bore he would have had no hesitation in sending him down for a long term.

George Crawford, who was charged with the same offence, and who was with Wickham at the time, was put un-

with the same offence, and who was with Wickham at the time, was put un-der bonds of \$200 and will come up for trial on July 21st.

trial on July 21st.

Another foreigner case, that of Mike Arome, charged with shooting at James Young, a conductor on the Deering run of the street railway, was next. Arome has been languishing in the jail for the past two months, and he appeared before His Honor with no lawyer to defend him. Arome pleaded not guilty of the charge. Budimir Protich was the interpreter.

men for the Crown was that Arome had evidently been very drunk, and had acted in a disorderly manner. He was able to stay on the car until he had about reached Irondale, when he was put off. He acted in a crazy manner during the remainder of the afternoon, and about 4 o'clock he took an old, rusty revolver out of his pocket and proceeded to amuse himself. He fired a shot while Conductor Young and Motorman Zeats were on the car. Arome fired another shot at the car. A man named Stevens came out of the Baynes Carriage factory and ordered Arome to stop, and the latter promised he would. In answer to a question by Mr. Washington, Mr. Stevens said that Arome appeared to be in a drunken stupor. Arome stopped shooting for about ten minutes, but soon started again. Stevens then went out and took the revolver away from him. and took the revolver away from him. Arome followed Stevens and wanted to

get the revolver back.

Mike told his story, and said that he had bought the revolver from a friend of his the morning the shooting occurred, for 25 cents. He said that he did not intend to do anyone harm, when he did the shooting.

Judge Monck sentenced Arome to five years in Kingston Penitentiary,

Honor wished to make the sentence severe as a warning.

Joseph Leslie, charged with stealing \$13 from William Waters, was remanded until Tuesday next.

W. Hyslop and George Elford, charged with theft by Harry Brown, were discharged, the complainant not wanting to press the charge.

Thos. O'Connor was charged with assault and robbery on Max Mittenthal, but the case was not proceeded with, owing to Mittenthal having left the country. Mr. M. J. O'Reilly, K. C., appeared for Connors.

James Morrison, charged with fraud

James Morrison, charged with fraud a connection with a chattel mortgage, was also let go, the complainant having written a letter to the prisoner stating that there had been a mistake, and that there was no fraud. F. Morison appeared for Morrison.

FOR ONE OFFICE

Aud R. Mathieson Is Likely to Get It.

There was to have been a meeting of the Supreme Council of the Independent Order of Foresters, in Toronto, this afternoon, and it was supposed the question of the appointment of a successor to the late Supreme Treasurer Harry A. Collins would be considered, but when the members gathered they decided to adjourn until after the funeral, this afternoon, which they attended in a body.

body.

It is known that ever since the death of the late Supreme Chief, Dr. Oronhyatekha, his successor, Mr. Stephenson, has been in favor of the smalgamation of the offices of secretary and treasurer. At the recent meeting the salary of Supreme Secretary R. Mathieson was reduced from \$7,000 to \$5,000, and that of the Supreme Treasurer from \$7,000 to \$6,000, and \$7,000 to \$6,000 to \$ of the Supreme Treasurer from \$7,000 to \$4,000. It is generally believed among prominent local Foresters that Mr. Mathieson will get the combined office at his old salary, \$7,000.

WINDSOR PRISONERS

Stenographer Brings Charges Against Police Magistrate.

Windsor, Ont., June 23.-Jas. Dickinson, who has been acting as stenogra-pher in the Police Court, and who clash ed a few days ago with Police Magistrate Bartlett because of Dickinson's comments on a case before the court, which caused the Magistrate to remind him that he was court clerk and not court critic, has resigned his office. Dickinson says prisoners were kept in their cells for hours without proper food or attention, and are held for hours before being charged with any crime or being arraigned.

A SEVERE CUT.

Young Lady Injured by Man Ca ing a Scythe.

Miss Nettie Harris, 39 Tisdale street, met with a very funny accident yester-day, at the corner of Main and Catharine streets, which may lay her up for a time. While proceeding up Catharine street a man carrying a basket of ferns jostled her. She attempted to pass on the outside, when she felt a jar on her arm, and looking down, she was surprised to find her blouse covered with blood. The man had a scythe blade in the basket, and it had made a deep gash in her left arm, requiring six stitches. Dr. Rosebrugh dressed the injury, and Miss Harris is resting easily at her home. The man who was responsible for the accident started to walk away rapidly, and did not render any assistance whatever, but merely self when overtaken that he did not know lie had done anything. ine streets, which may lay her up for a

FINANCIERS TAKING HAND

In the Street Railway and City Matter.

Will Succeed the Veteran City Messenger?

Board of Education Committee Recommends Teachers.

The Conference Committee will have another session this afternoon in an endeavor to get the Street Railway by-law in shape for next Monday night. A member of the firm of Harris & Company, of New York, the fin-anciers who have been backing the affiliated enterprises of the Domin-ion Power & Transmission Company, has been in the city consulting with the head officials and it is believed that the financial end of it can be arranged at once if the city and the company can make terms. Members of the sub-committee say that it was distinctly understood the company distinctly understood the company was to pave between the tracks and two feet outside on James, King and York street and this clause must be made clear in the agreement. It is also likely that a deman'd will me made on the company to undertake to begin paying into the sinking fund within two or three years instead of waiting until 1915. The aldermen who have been carrying on the negotiations say there seems to be a very mistaken impression as to just what the company is going to do and what the cost will be. They figure that the \$500,000, the bonds for which the city will guarantee, will scarcely more than pay for the fifty new cars and a very small part of the extensions. It is estimated that the company will have to pay at least another \$250,000 as cv. v iv. to the present system is to be re-built. Another clause that Mayor Stewart takes exception to is the one in which the company requests that the reduction in the percentage shall begin from January of this year. He thinks January, 1909 is the proper time for it to go into effect.

Charlie Smith, the veteran City Messenger, who served the city for over fifty years, and who has been off duty several weeks on account of illness, is still in very bad shape, and it is said he will not be seen back at his old post again. There is already talk of his successor, and it is reported that J. Wild, who is employed in the City Clerk's office, will succeed him. was to pave between the tracks and

The Markets Committee yesterday afternoon instructed Chairman Nicholson to appear before the Police Comissioners and urge the Board to do what it could to expedite the building of the new police station in the west end. This matter has been hanging fire a long time, and very little progress has been made. Only one tender for groceries and vegetables and one for meat were received. The former went to William Waters at \$527, and Peebles, Hobson & Company secured the contract for boneless meat at four cents a pound for 4,000 pounds. The supplies are for the jail. License Inspector Brick, who has been put to considerable expense for car fare ever since he has occupied the position, will receive \$2 worth of car tickets each month.

The weeding out process among the public school teachers about which so much noise was made has fallen rather flat. The special committee appointed to deal with Inspector Ballard's report met last night, and decided to defer action for one year. If the four teachers mentioned by the inspector make themselves competent to do the work to his eatisfaction within a year nothing more will be heard of the matter.

will get the appointment.

The Fire and Water Committee tomorrow night will probably instruct the
City Solicitor to make application to
the Ontario Railway Board for an order compelling the Cataract to take
steps to prevent damage being done by
electrolysis to water pipes. K. L. Aitken, the Toronto expert, is asking that
his account of \$100 in this matter be
paid. Mr. Waddell thinks he has secured the necessary evidence. The committee will also deal with the report of the
sub-committee on the firemen's application for extra time off and several
other small matters.
