NO FRIEND OF WIDOWS. Claims to Have Been Cheated by Hydro Agents.

Not long ago the Times gave some instances of farmers living in this section who, not to be bullied or frightened by the agents of the Hydro-Electric Commission, decided to fight them.

The lady who owns the property was approached by the agent of the commission, explaining that there will be any number of residences to be built on the property.

She is also impressed with the fact that if the land is not turned over willingly, the government can step in and take the land.

As a result of this method of dealing, the woman signed an agreement, allowing the commission to erect the line across her premises for \$1 a year for 30 years.

After a time, the plans come along, and she discovered upon examination that the lines cross her property in an angular fashion, rendering every part of it useless for building purposes.

It does not take the party long to discover that she has been untruthfully dealt with, and as a result a suit will be filed within a few days asking for a disallowance of the agreement.

The case quoted is typical of many such, and from one end of the line to the other there will be suits without number before the question is settled.

ST. ANDREW'S. Fine Outing of the Sunday School at Oaklands.

The annual Sunday School picnic of St. Andrew's Church, held at Oaklands yesterday, was one of the most enjoyable outings of the season.

Immediately after arriving an extensive programme of games and sports was run off, including twenty-five different events, which greatly amused the spectators.

The feature of the afternoon was the baseball game between the married and single men of the church. It was certainly amusing. The "youngsters" were for the first time forced to admit their opponents' superiority.

Those who did not witness the games enjoyed the delightful breezes of the bay and indulged in other pleasant pastimes. A fine supper was served on the lawn, and was much appreciated by the crowd.

Those who assisted in making the afternoon enjoyable included Messrs. Robinson, Wright, Connor, Duff, Rev. Mr. Wilson and the officers of the school. The only mishap reported was the loss of a straw hat by Mr. Walker, which blew off his head on landing at the wharf.

NOT ETHEL MANNING. Ethel Manning has not been found yet, and the case is still a mystery. The girl, thought to be Ethel, who went to Toronto on the boat, was found to be Ethel Williams, who left home without her parents' knowledge on Monday, August 30th, in company with another girl.

Frank Launder, Thomas Launder, 88 Ashley street, and Thomas Williams, 86 Nighthale street, were charged with ill-treating two teams of horses.

TORRE FLAG.

Did Denison Do Right in Dismissing This Charge

Against Two Members of the Forty-Eighth Highlanders?

Toronto, Sept. 7.—In the police court this morning Magistrate Denison dismissed the charges of theft and disorderly conduct made against Henry Carson and Jas. Mahoney, members of the 48th Highlanders, by a United States resident, who has a house on Simcoe street.

The men were returning from the exhibition last night when they noticed a United States flag flying in front of the Simcoe street residence. They pulled the flag down and tore it to pieces.

The charges followed. After hearing the evidence Magistrate Denison asked "What do we want with that flag here, anyway?" To which Mr. T. C. Robi-ette, counsel for the prisoners, answered, "There are too many of them in this country, your worship. On the part of the accused this was only an exuberant outburst of patriotism."

"The case is dismissed," said Mr. Denison, and the men left the court.

NO EARLY APPOINTMENT. May be a Year Before London Bishopric Is Filled.

No official announcement will be made regarding the vacant bishopric of London at the first Canadian Plenary Council, which meets in Quebec a week from Sunday, so the Times is informed on reliable authority.

The Times' informant stated that it would probably be six months or a year before the name of the new bishop is known. He points out that the filling of these important offices is a matter that is settled entirely at the Vatican, while the business of the council will be simply to discuss matters of importance to the church in Canada.

Following is the temperature for the past 24 hours, as registered by Parke & Paerke:

BLACK HAND MEN CAUGHT IN HOLD-UP.

In the meantime Detective Bleakley was in hot chase after Speranza, and fired some shots at him to let him know the detectives were armed.

Fortunately there was an electric car on the way to Hamilton from Dundas, and the detective signalled to stop, and hurriedly explained the situation to the motorman, and gave orders for him to put on full speed, Speranza having taken the line of the railway in his flight.

The three prisoners were bundled into a rig and driven to No. 3 police station. They were arraigned this morning in police court and were not asked to plead, and were remanded till to-morrow.

About four years ago Mr. Sansone received a similar threat from the Black Hand to deliver \$1,000 at a meeting place arranged at the Falls. In terror he went down to the Falls with the money, but for some unexplainable reason nobody turned up to get it.

Too much credit cannot be given to Detective Sayers for his smartness, and also to all the detectives who helped to effect such an important capture.

DROPPED DEAD.

SCOUNDRELS' PICNIC. Labor Day was gala day at Dynes, when the Scoundrels' baseball club held the annual picnic. About 1,200 were present, and all enjoyed themselves.

"May I speak?" said George Jorey, when he stood up to say if his dog was at large.

"You must plead guilty or not guilty first."
