GERMAN BITTERS,

Prepared by Da. C. M. JACKSON, No. 120 Arch

Their power over the above diseases is not excelled,
if equalled, by any other preparation in the United
States, as the cures attest, in many cases after skilled
physicians had failed.

These Bitters are worthy the attention of invalids.
Possessing great virtues in the rectification of diseases
of the Liver and lesser glands, exercising the most
searching powers in weakness and effections of the
digestive organs, they are, withal, eafe, certain and

The "Philadelphia Saturday Gazette," says of Dr. Hogland's German Bitters.

"It is seldom that we recommend what are termed Patent Medicines, to the confidence and patronage of Gour readers; and therefore when we recommend Dr. Hoofland's German Sitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten after they have done their guilty race of mischief, but of a medicine long established, universally prized, and which has met the hearty approval of the faculty itself."

" Scott's Weekly," said, Aug. 25-"Scott's Weakty," estd, Aug. 28—
"Dr. Hoofland's German Bitters, manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the floulity se an article of much efficacy in cases of female weakness. Persons of debilitated constitutions will find them Bitters advantageous to their health, as we know from experience the saluary effect they have upon a weak system."

J. G. Moore, Esq., of the Duily News eard, October Slat:—
"Dr. Hoofeland's Grana Bitters.—We are trying this renowned medicine for a stubbern discase of the bowels, and can with truth testify to its efficacy. We have taken the contents of two bettles, and we have derived more benefit from the experiment than we derived previously from years of allopathic treatment at the hands of our first physicians."

allopathic treatment at the hands of our first physician."

Hon. C. D. Hineline, Mayor of the City of Camden, N. J., suys:

"Hoofland's German Britzens.—We have seen many flattering notices of this medicine, and the source from which they came induced us to make inquiry respecting its merits. From inquiry we were persunded to use it, and must may we found it specific in its action upon diseases of the liver and digestive organ, and the powerful influence it exerts upon nervous prostration, is really surprising. It calms and strengthens the nerves, bringing them into a state of repose, making sleep refreshing.

If this medicine was more generally used, we are satisfied there would be less sickness, as from the stomach, liver and nervous system, the great majority of real and imaginary diseases emanate. Have them in a healthy condition and you can bid defiance to epidemics generally. This extraordinary medicine we would advise our friends who are at all indisposed, to give a trial—it will recommend itself. It should, in fact, be in every family. No other medicine can produce evidences of the same merit."
