that are greater, and of more world-

that are greater, and of more worker wide importance than any other country. Therein, no doubt, lies the reason why Canadians today take so much interest in theatricals, and par-ticularly those of the amateur variety. It was built by Carroll Aikins on his small fruit ranch. For years he in the theatre is not floor in the theatre. One of his own plays was produced three years ago in Bir-markable. The stage is on the floor level, and the benches rise gradu-ally on shallow steps, but it is in its markable. The back wall is a huge reason why Canadians today take so and mars. Aikins had been interested much interest in theatricals, and par-ticularly those of the amateur variety. Being a small population lying along-mingham, and it was because there side a great one, it is but natural that Canada's professional stage should be entirely dominated by that that Canada's professional stage should be entirely dominated by that that Canada's professional stage dian plays could be tried out that the should be entirely dominated by that that canada's professional stage should be entirely dominated by that that canada's professional stage dian plays could be tried out that the should be entirely dominated by that the tried between the stage that the the theatre of the source that the should be entirely dominated by that the theatre of Naramata came to be that

that Canada's professional stage should be entirely dominated by that of the United States, but it is greatly to Canada's credit that there has come into being an important theatri-cal moviment is this country which is distinct from that of the regular professional stage. Under existing conditions it is only thus that there cas be developed a Canadian stage with a literature of its own. Mont-treat has its group of Community Players, Foronto has its Hart House Theatre, and Winnipeg, Vancouver and Victoria, as well as many other canadian cities, have their theatri-cal organizations all of which are formanity theatre that in a complet-other are more worthy as note that in the stratty out which present on the screene does not suffer is com-parison with any novel and interesting features of Naramata in the Granagan Valley, B.C.
