OBITUARY.

At Black Point, Lot 47, on the 6th April, 1892, John McDonald, at the advanced age of 90 years. Deceased was one of those who attained to a decade beyond the usual span, and although he was confined to his residence during the latter years of his life, he retained, to a remarkable degree, all his faculties. He was a man of rare christian principles—a kind husband, an indulgent father and a consistent neighbour. His worthy consort died two years before him; but, during his latter days, he had the consolation to see daily round him, all his family, consisting of six sons and three daughters, whose kindness and love displayed towards him throughout his entire illness, showed how deep in their hearts was engraved the true love for their parents. His hospitality was also praiseworthy, and his residence was often the home of the weary wayfarer who always found food and lodgings beneath his roof. May his soul rest in peace.

MR. MACKENZIE'S FUNERAL.

Toronto paid its last tribute of respect to the late Hon. Alex. Mackenzie, on Wednesday last. From an early hour a constant stream of people called at 82 St. Alban's street to take a last look at the revered dead. The body lay in the drawing room in a heavily draped casket, covered with English broadcloth and finished inside with tufted white satin. The room was beautified with floral offerings from friends of the deceased ex-premier, among them being an anchor of roses from the family; a wreath of calla lilies and white roses from the governor general and lady Stanley; a similar one from Mr. and Mrs. Wilfred Laurier; a wreath and anchor from the Toronto Reform Association; wreaths from the liberals of East York and Stratford and the executive committee of the Liberal Association of Nova Scotia. After a short service had been held, the cortege proceeded to the Jarvis street Baptist church, and the gathering of people was immense. The pall-bearers were: Hon. Oliver Mowatt, Judge Burton, Hons. Edward Blake, G. W. Allan, G. W. Ross, Judge MacLellan, Sir Richard Cartwright, T. W. Anglin, J. L. Blaikie, Robert Jaffray, T. C. Irving and Major Gregg. Among those present were Sir John Thompson, Hon. Mackenzie Bowell, Hon. J. C Patterson, Hon. Wilfred Laurier, Hon. David Mills, the three former representing the dominion cabinet and the two latter the liberal party. After the services at the church the body was taken to the Central depot, and the funeral train proceeded to Sarnia, where the final interment took place the following day.

DOMINION PARLIAMENT.

After routine in the Commons, on Tuesday of last week, Sir John Thompson paid a graceful tribute to the memory of the late Alex. Mackenzie, and closed by moving that when the House adjourned that day, it do stand adjourned until Thursday following, in consequence of the lamented death of the Hon. Alexander Mackenzie late member of the Queen's privy Council of Canada, and out of respect to his memory. Hon Mr. Laurier followed in a graceful and eloquent speech, eulogistic of his deceased co-worker. Mr. Mills paid a brief but touching reference to his old leader, after which the motion was carried and the House adjourned.

Thursday Sir John Thompson introduced a bill to enable accused persons to give evidence on their own behalf. He also asked that the House go into committee to-morrow upon a resolution proposing to increase salaries of judges. This was agreed to. The House then went into committee on Hon. Mr. Tupper's bill to amend the steamboat inspection act. Mr. Hazen declared that the old law was never properly carried out and condemned the clause calling for metallic buckets and life boats. He said it was unnecessary and if put in operation the effect would be disastrous. If this provision were enforced it would produce hardships and loss. Mr. Tupper said that no such regulations were required on steamers plying on the St. John River. Davies and Mulock objected to the bill on the grounds that it proposed to vest the Minister of Marine with legislative powers. Mr. Charlton argued that wooden buckets were better than metals proposed by the bill.

Friday the House went into committee upon Hon. Mr. Tupper's bill giving power to the government to extend at will the modus vivendi with respect to the Atlantic coast fisheries. After objections on the part of the opposition, Hon. Mr. Tupper proposed an amendment excluding Newfoundland vessels from the privileges granted under the modus vivendi. Davies and Laurier objected to the adoption of such a proposal hurriedly, as the sister colony might construe it into an act of hostility. Hon. Mr. Tupper said Newfoundland was granting licenses to American fishing vessels free of charge. Consideration of the amendment was postponed. An amendment was adopted requiring the government to communicate to parliament a statement of the extension of the modus vivendi at once if made when parliament was sitting or otherwise within ten days after session opened. Further consideration of the bill was adjourned The House went into supply.

Talbot the public works department boodler, has jumped his bail.

The spring term of the Supreme Court of Canada opens on May 2nd. Five election appeals are down for hearing; South Grey, Pontiac, L'Assomption, Rouville and Bagot.

Trade returns for March are of a most favorable character. Exports show an increase of $722,000 or $11,750,000 for the nine months. Imports increased during March $,648,000, a slight increase for nine months; the duty, however, falling off $2,500,000.

R. H. McGreevy, who had been convicted of conspiracy to defraud, but escaped to the states, returned to Quebec recently and was on Friday sentenced to one years imprisonment in the common gaol without hard labor. The notorious Owen E. Murphy, who was R. H. McGreevy's associate, is still in the States a fugitive from justice.

Those who know what is transpiring within the inner circle of the reform party allege that there is a scheme on foot, amongst the young men especially, to rid the party and parliament of Sir Richard Cartwright. The whole thing will be ripe at the next general election, when the gallant knight will find himself without a nomination. Some of the grits are greatly incensed at Cartwright for having declared that should Blake attempt to return to public life Sir Richard would take the stump against the traitor.

Mercier, Chas. Langelier and Pacaud have been arrested at the instance of Attorney General Casgrain and are to appear at Quebec to-morrow to answer the charge of having unlawfully conspired and combined together by divers false pretences and subtle means and devices to unlawfully obtain and acquire from Her Majesty a large sum of money, to wit; the sum of $60,000 of moneys of her said majesty with intent to cheat and defraud her said majesty thereof. This $60,000 specified is in connection with the Langlais stationery contract.

Mayor Thomas, of Truro, was on Saturday night, sentenced to 48 hours in gaol by the Nova Scotia Legislature, for refusing to attend the bar of the house and hear read a resolution condemning his conduct in trying to safeguard the interests of his town, against the operations of Mr. Lawrence, M. P. P. for Colchester county Lawrence, who is Recorder for the town of Truro, wanted personally to have enacted a bill to make the office a life one, and for his efforts to burke the measure, the Mayor was thus dealt with. Monday afternoon the Mayor was released on a writ of habeas corpus, the four judges of the Supreme Court being unanimous in their decision.

SPORTING NOTES.

Lacrosse will again boom in the upper Provinces the coming summer, as the four big clubs—Montreals, Shamrocks, Cornwalls and Toronto—have settled their differences. The two Ottawa clubs, viz: Ottawas and Capitals have been given till the 29th to amalgamate, in the event of which the old five league club will obtain. Failure to do this will shut the capital out.

The ten mile race between Tommy Conneff, and W. H. Morton, the old country cracks, will be run on Saturday April 30, on the quarter mile cinder track at Bellevue Gardens, Manchester. The Salford Harriers, under whose auspices the two international races will be run, are giving a 20 pound sterling silver cup to the winner and a 5 pound sterling gold medal to the loser in each event. The second race of five miles will be held about the middle of May.

Recorder, Tuesday:—A meeting of the Football trophy committee was held Tuesday evening; representatives of Dalhousie, Garrison and Wanderers clubs were present. A proposition was made that the trophy be awarded to the college team, under the decision of the Maritime Football Union, and another that owing to the dispute on the decision by other authorities, etc., that the trophy be played for the first time during the coming season. There was a lengthy discussion and an adjournment was made without any decision being arrived at. Another meeting will probably be held shortly, at which it is expected an agreement will be reached.

The Halifax Recorder says the Abegweits are expected at New Glasgow on Queen's Birthday. From the present condition of things, their appearance there on that day is not at all profable. Like the many other sporting organizations which existed in this city, this famous football club may be classed in the category of "has beens." Sport can never hope to thrive in a city whose citizens fail to recognize true merit, and where all financial help must be borne by those who make the fun.

The Cresents are trying to arrange a match with Pictou Academy, at Pictou, on Queen's Birthday; and possibly a team from St. Dunstan's College Association may meet the New Glasgow's on the same day

The labors of the committee on privileges, which has for weeks been investigating the charges of fraud and other offences preferred by Mr. Cahan, leader of the opposition, against Jos. McPherson and Angus J. Macdonald, M. P. P's for Cape Breton county and Jas. A. Fraser member for Victoria, have ended and two reports have been presented. The majority report whitewashes the members but admits irregularities, while the minority one finds the members guilty of all the offences charged against them and declares that they ought to be expelled from parliament.

The lockout of cotton spinners in Lancashire, where, it is estimated, nineteen million spindles are idle, shows no sign of being amicably settled. In Rockdale, Lancashire borough, the cotton manufacturers have hitherto held aloot faom the industrial trouble, but now they have decided to close all their mills until the dispute with the workmen is settled.

CATARRH

Is a most loathsome, dangerous, and prevalent malady. It is a blood disease, usually of scrofulous origin, and for which local treatment is useless. Before health is possible, the poison must be eradicated from the system, and to do this

SUCCESSFULLY

the disease must be treated through the blood. For this purpose no remedy is so effective as Ayer's Sarsaparilla.

"For the past eight years, I have been severely afflicted with Catarrh, none of the many remedies I tried affording me any relief. My digestion was considerably impaired, and my sleep disturbed by phlegm dropping into my throat. In September last I resolved to try Ayer's Sarsaparilla, began to use it at once, and am glad to testify to a great improvement in my health." —Frank Teson, Jr., engineer, 271 West Fourth street, New York City.

"My daughter, 16 years old, was afflicted with Catarrh from her fifth year. Last August she was

Ayer's Sarsaparilla, and after three months of this treatment she was completely cured. It was a most extraordinary case, as any druggist here can testify."—Mrs. D. W. Barnes, Valparaiso, Neb.

WONDER IN WELLAND!

A Representative Farmer Speaks.

MR. C. C. HAUN.

The following remarkable facts are fully certified to as being undeniably correct in every particular. Mr. Haun is well known in the vicinity, having resided here over fifty years, and is highly respected as a man of the strictest honor, whose word is as good as his bond.

As will be seen from his letter, four physicians had attended him, and it was only after he had given up hope of cure that he decided to try Burdock Blood Bitters on the recommendation of a neighbor who had been cured of a similar disease by its use. Mr. Haun writes as follows:

DEAR SIRS,—I think I have been one of the worst sufferers you have yet heard of, having been six years in the hands of four of our best doctors without obtaining permanent relief, but continually growing worse, until almost beyond hope of recovery, I tried your Bitters and got relief in a few days. Every organ of my body was deranged, the liver enlarged, hardened and torpid, the heart and digestive organs seriously deranged, a large abscess in my back, followed by paralysis of the right leg, in fact the lower half of my body was entirely useless. After using Burdock Blood Bitters for a few days the abscess burst, discharging fully five quarts of pus in two hours. I felt as if I had received a shock from a powerful battery. My recovery after this was steady and the cure permanent, seeing that for the four years since I have had as good health as ever I had. I still take an occasional bottle, not that I need it but because I wish to keep my system in perfect working order. I can think of no more remarkable case than what I have myself passed through, and no words can express my thankfulness for such perfect recovery.

C. C. HAUN,
Welland P.O.

In this connection the following letter from T. Cumines, Esq., a leading druggist of Welland, Ont., speaks for itself:
Messrs. T. Milburn & Co., Toronto.

GENTLEMEN,—I have been personally acquainted with Mr. C. C. Haun for the last 20 years, and have always found him a very reliable man. You may place the utmost confidence in anything he says with regard to your medicine. He has on many occasions within the last four years told me that it was marvellous the way the Burdock Blood Bitters had cured him, and that he now felt as able to do a day's work as he ever felt in his life. Although quite well he still takes some B. B. B. occasionally, as he says, to keep him in perfect health.

Yours truly,
THOMAS CUMINES,
Welland, Ont.

The steadily increasing sale of B. B. B., the length of time it has been before the people, and the fact that it cures to stay cured, attest the sterling merit of this monarch of medicines, the people's favorite blood purifier, tonic and regulator.

Canadian Northwest.

Manitoba, Assiniboia, Alberta, Saskatchewan.

C. P. R. Lands at a uniform price of $3.00 per Acre.

THE undisposed of lands in the Railway Belt, West of the Third Meridian and the Saskatchewan, Red Deer and Battle River Valley lands will be on sale commencing Monday, April 4th, at a uniform price of $3.00 per acre.

Only one-tenth of the purchase money required down. A payment of $48.00 will secure a farm of 160 acres, the balance of the purchase money is payable in nine annual instalments: interest—6 per cent. The usual regulations regarding mineral and other rights, remain in force with respect to these lands,

Edmonton Lands.—The Lands in the Edmonton District will be sold by Auction at Edmonton on 3rd May.

The Government give one quarter section (160 acres) free to every bona fide settler. A second quarter section can be pre-empted by different payments.

The Canada Northwest has the most productive soil in the world. Its wheat fetches the highest price; its live cattle are admitted to the English markets, while United States cattle are not. There is a market for the farmer at every station; and there are schools and Churches wherever there are settlers. It is not subject to drought nor floods, to grasshoppers or to cyclones or tornadoes. Ask any Canadian Pacific Railway agent for books and maps concerning it; ask for "Farming and Ranching in Western Canada," or the "Free Farms" map, or "Actual Experience," and read the testimony of men who have gone there from Eastern Canada. Young women are in great demand; they find occupation as domestics directly they arrive, and readily get married to prosperous young farmers. Young men or young women can start life there almost without money. They make the money there; an independence is gained in a very few years by the thrifty.
