But while it had excellencies, the good program has been arranged by Miss days of the precentor had passed away. The speaker next described the quartette DEATH OF MR GEORGE RHYNAS.—On Thursday, last week, Mr Geo. Rhynas, the well-known druggist, died in Detroit, the people a taste for the higher class of the people a taste for the higher class of whither he had gone for the benefit of his health, which had been in a poor state singing. In fact it injured it. He for some time past. The cause of death favored something that led out people into sacred song. "Let the people praise Thee." Congregational singing was helped by an efficient choir

with organ accompaniment, and that, to withstanding the heavy downpour of to the service of song in Heaven. All rain, the funeral was largely attended by worship, inspired by a large choir and the organ. The preacher here leaned ever the pulpit, and in a paternal fashion said: "Will you bear with me while I tell you that you don't half sing. Some of you sing, but when you do sing you do not put enough heart into it. you do not put enough heart into it. List and Grants to the Royal Family, We ought to nearly raise the roof off this house. [Smiles.] I am not pleading for a tremendous racket, where every person has a key of his own or no key at all. We hear enough of that—next door!" [Renewed smiles.] Mr Richardson then went on to say that he never heard such a volume of song as in Talmardson then went on to say that he never heard such a volume of song as in Talmardson the state of the trement that the trement the trement that the trement the trement that the trement the trement that the trement the trement the trement that the trement the trement the trement that the trement the trement the trement the trement the trement that the trement the t burg, Da., on Sunday last. cares oppressing his mind, and at such than the kind of singing I am speaking

'Amen,' I hope they have not forgotten mentioned as sometimes accompanying sacred songs of praise. Among other theories regarding this sort of dance spread all through the wooden structure, ATIC GIVING."—The Young People's Sowas one that it somewhat resembled the "jerks" of the time of Peter Cartwright, when sinners were viciently flung down while laboring under religious excitement. Mr Richardson naively added that it would be a good thing nowadays if certain persons were flung down under religious excitement and had some of tinuing said: "I would not argue with those who do not believe in the use of

"for the use of any instrument, no matter what it may be, to do away with the human voice in public worship. A Discourse on Sacred Music

Man never made a musical instrument
and Congregational Singing, ness, a vastness, and a thrill in the human voice when properly trained unequalled by the sound any instrument manufactured. Instrumental music, therefore, should not replace the human voice; it should aid it." Then the preach er became prophetic: "One special part of our employment in Heaven will be a service of song in connection with musical accompaniment. said, 'I heard the voice of harpers harping with their harps.' I fancy the harps there will be a good deal better than those we have here below. The faculty of music is largely lost in some there, for there instrumental music will be employed." Coming back again to the terrestrial, Mr Richardson said: "A good deal depends upon the spirit in which we engage in the service of song. If we engage in it with the thought of getting nearer to God, He will accept that service. There are kinds of music which really aid in the worship of God. Some of the old masters have produced music such as must of necessity lift men and women nearer to God." In closing he advocated a congregational singing class in the basement during the winter once or twice a week. Prof. Birks, of London, had successfully conducted such
