Cut Down Expenses With An IHC Gasoline Engine

Liberal candidate.

AVING time and work on the farm cuts down expenses-makes farm life more pleasant and more profitable. Of all modern work and time savers—an I H C gasoline engine stands first. It operates the many machines that now mean hard, disagreeable, expensive hand labor. It solves the "keep-the-boys-on-the-farm" and "hired-

help" problem. Wouldn't you like to have a simple, economical, efficient, durable I H C -the engine that thousands of other progressive farmers are using with such great profit and satisfaction? Wouldn't you like to have it run your cream separator, feed cutter, pump, fanning mill, saw, grindstone, thresher, clover huller, electric light plant, washing machine, and do the other odd jobs around your farm?

An I H Congine costs less than any other if you measure by the years of service. And you can get just the LH C you want. There is
