morning the Chief Justice gave at in the appeal against the of guilty in the case of the Dunlop. Yesterday the arguas heard. Mr. Howley appeare prisoner and the Attorney for the Crown. The Chief with the concurrence of Mr. ohnson and Mr. Justice Emernissed the appeal. It is underat Dunlop will come up for next Tuesday.

D'S LINIMENT CURES DIS-TEMPER.

The growing child needs more good food at frequent intervals than the adult. Nothing is better and safer between meals than a slice of the good home-made bread. Formerly graham or whole wheat bread was favored; but Dr. Woods Hutchinson, the prominent hygienic writer, and other experts, have pointed out that the coarser flours are really less easily assimilated and are inferior in food value to the best white flour.

Beaver" Flour

is a product uniting the merits of the coarser flours with the delicate, white, appetizing qualities appreciated by children and grown people alike. It is not a crude mixture, but an exactly proportioned scientific blend of Manitoba Spring Wheat and Ontario Fall Wheat. The famous Manitoba No. 1 Hard contains the gluten and proteids which build bone and sinew, and we balance this with the right proportion of the best Ontario wheat, softer, whiter and richer in carbohydrates, to make a perfect food. For bread, cake and pastry, use BEAVER FLOUR. DEALERS-Write us for prices of Feed, Coarse Grain and Cereals.
