OFFICIAL.

LONDON, April 22.

The Governor, Newfoundland:
The War Office reports violent recurrent attacks by the enemy on Hill 60, repulsed with great loss. German losses since the 17th are between 3,000 and 4,000.

The enemy airships in the harbor of Ghent have been considerably damaged by a bold and successful attack.

Turkish losses in the recent action in Lower Mesopotamia are estimated as not less than 2,500. A Mohmand raid on the Indian frontier was repulsed with heavy loss.

The French have captured another German trench north of Flirey.

French aeroplanes have bombarded the headquarters of General Strantz in Woivre, and the electric station at Baden.

The Russian Government reports abortive enemy attacks in the Carpathians, and the successful bombardment of Soldan station in East Prussia.

HARCOURT.

ST. PIERRE BULLETIN.

PARIS, via St. Pierre, April 21.

Cannonading has been rather fierce in the Arras district between the Oise and Aisne, Meuse and Moselle, and in Mortmare Woods. Near Flirey Essey Road, not only did our attacks result in a progress, but two German counter-attacks, delivered on a line of trenches we occupy since 20th April, were repulsed. Belgian aviators threw bombs on Bruges Arsenal and the Aerodrome of Leesevoche.

Midnight.—In Belgium the Germans attacked a trench captured by the British on summit 60 near Zwartelene. The enemy was repulsed, and lost on this point since 17th April from three to four thousand men.

In the Argonne, near Dagatelle a fierce attack, purely local, was checked by our artillery fire. Between the Meuse and the Moselle we repulsed German attacks more or less important, of which several were only reconnoitering parties, one in Alilly Wood, five in Mortmare Wood and one in LePrete Wood. We attacked the enemy north of Flirey and captured one of their trenches. We then occupied same and connected it with trenches previously captured.

Ground gained during the last few days extends on an uninterrupted front of over 700 metres. The enemy left over three hundred dead on the ground. In Lorraine there was an artillery contest. In Alsace we easily repulsed, east of Hartmannswillerkopf, an attack opened by a fierce cannonading. Our aeroplanes bombed in Woivre district the headquarters of General von Strantz, and a certain number of transport waggons in the Grand Duchy of Baden, also the electric station of Lorsch.

Twenty-nine more French Generals have been placed either on the reserve or retired lists, to give place to younger and more active men.

GERMAN ATTACKS REPULSED.
PARIS, April 22.

Five attacks were made last night by German troops, attempting to recapture positions taken by the British at Hill No. 60, near Zillebeke, says a despatch received to-day from St. Omer, but all were repulsed with heavy loss. Three of these attacks were made within an hour. German reinforcements are reported rushing through Belgium to Flanders front.

They are reserve troops said to number more than 200,000 men. The Germans have found it impossible to shift men from the Aisne, Champagne and Argonne fronts, because French artillery is keeping up bombardment in these regions, while French infantry is maintaining its offensive in the Woivre and in Alsace.

GERMANY'S FINANCIAL RESOURCES.
HAYRE, April 22.

A leading member of a famous banking firm, particularly well acquainted with the financial situation of the European States, has declared that Germany will be at the end of her financial resources by the middle of June next. The Germans have taken extremely severe measures in Belgium to prevent knowledge of the movements of their troops becoming known. Preparations have been made everywhere with a view to eventual retreat. High Prussian officers in Belgium do not disguise their despair, and admit that the German cause is lost.
