

MICHAELIS DRIVES ALL SOCIALISTS INTO ACTIVE OPPOSITION

Stupid Attack of Chancellor Upon the Extreme Left Brings Down Entire Party Upon Him

MEANS HIS DOWNFALL

Socialists Now Appear in Role of Accusers Rather Than Accused

Copenhagen, Oct. 11.—Germany's paper crisis over the pan-German propaganda, which loomed so big in anticipation, but in its place has risen a new, and this time a really serious crisis, caused by the attempt of Chancellor Michaelis to force the government and Minister of the Navy von Capelle, to use the alleged plot in the German navy as a political weapon against the party of the extreme left in the reichstag.

It is not improbable, German political observers point out, that Chancellor Michaelis, in an hour of apparent success, solved the needs of his own political life. It is contended, will undoubtedly be from now on work against von Bethmann-Hollweg's successor.

The immediate results of the disclosure of Chancellor Michaelis and von Capelle have been that the government Socialists have been driven into complete opposition and into alignment with the radical Socialists; that the followers of Philipp Scheidemann have delivered a formal declaration of war against the government until Chancellor Michaelis has been removed from office, and that the radicals, the members of the center and even the nationalists, have criticized and condemned the Michaelis-Capelle move, as one which ought not to have been made under the government had full adequate proof of the conspiracy of the three radical Socialists in an actual conspiracy to mutiny.

Stripped of its embellishments the government statement reduced itself to the charge that agitation to enroll members for the radical Socialists party had been carried on in the navy, that leaflets had been distributed and that the ex-coastal sailors had visited Deputies Hissac, Vogther and Dietmar.

No one has brought to trial the fact that the government had made no attempt to bring them to trial before or after the court-martial at Wilhelmshaven on August 30, and they argued that the crown prosecutor would not have missed such an opportunity if he had any evidence upon which to convict them. This argument evidently appealed to all but the Conservatives and it has dictated the attitude of a large share of the press, which, despite dislike for the radical Socialists, takes the standpoint that Chancellor Michaelis misused the affair for political capital.

The newspapers intimate that toward the close of the reichstag session, Dr. Haase and his radical Socialists colleagues appeared rather in the role of accusers than of the accused, and they spoke in large type, "The prisoners will now take the stand."

Nothing concerning the profession seems more puzzling to the dear old public than the perpetual youth of our feminine members. How often we hear remarks like, "Why, I saw her as Juliet forty years ago and she doesn't look a year older now." Of course allowance is made for makeup, but when they see us off the stage at close range, they need another explanation. How strange women generally haven't learned the secret of keeping the face young! How simple a matter to get an ounce of mercuric wash at the drug store, apply it like cold cream, and in the morning wash it off. We know how this gradually, imperceptibly, absorbs old outside, keeping the complexion new and fresh, free from fine lines, sallowness or over-tan. We know, too, that this mercuric wash is the reason actresses don't wear those patches, liver spots, pimples and the like. Why don't our sisters on the other side of the footlights learn the secret, and profit by it? Theatrical World.

Nerves of the Stomach

Were Weak and Inactive as Result of Nervous Prostration—Lost Twenty Pounds—Had to Take Sleeping Powders to Get Any Rest.

St. Catharines, Ont., Oct. 11.—Many people never realize that the movement of every organ of the body is dependent upon the energy supplied by the nervous system. When the nervous system gets run down there is weakness throughout the entire body. You feel tired and languid and your stomach and other digestive organs are similarly affected. Appetite falls, digestion is poor, you do not get the good of what you eat and gradually grow weaker and weaker.

This process can only be stopped by such treatment as Dr. Chase's Nerve Food which creates new nerve force and thereby to invigorate the whole human body.

Mrs. Geo. Davidson, Davidson street, St. Catharines, Ont., writes: "My husband had an attack of nervous prostration, he had lost about twenty pounds for some time and tried different other medicines, he could not get relief. He had to resort to sleeping powders given him by the doctor to make him sleep. The greater part of the trouble seemed to be with the nerves of his stomach. He began to lose weight, and kept on going down until he had lost twenty pounds. We had read advertisements in the newspapers, so I bought Dr. Chase's Nerve Food, and noticed that it seemed to be doing a lot of good for people troubled with nervousness, so I bought a box of twelve or thirteen boxes. The results were most satisfactory. He is now enjoying good health, sleeps well, and has gained back nearly all the weight he had lost. He also uses Dr. Chase's Kidney-Liver Pills occasionally, and thinks them an excellent remedy. I have also used this latter medicine for dizzy spells and liver trouble, and was completely cured of the same. We think a great deal of Dr. Chase's medicine, and cannot speak too highly of them."
