Springfield, O., Dec. 28.—Webb & Co. of this city, undertakers, have just moved into a new office in a building which is just being completed. There is a skylight in the building and directly beneath the skylight was a pile of coffins. A day or so ago the clerk was attracted by a terrific crash from the direction of the skylight. He rushed to see what was the matter. When he reached the pile of coffins he saw a man lying in a coffin. His hands and face were bleeding and he was evidently badly hurt. The sight of the bloody man in the coffin dazed the clerk for a minua. Then he took in the situation. The man was one of the workmen and he had tumbled directly through the skylight into a coffin, his weight smashing the glass lid. The man proved to be John Yeager, who stated that his fail had been caused by trying a new free escape. He thought he was only slightly injured and walked home without aid.
