BODY TRAVELED 10,000 MILES

Remains of U. S. Soldier Reach London From Philippines.

Was Son of a Farmer Living Near Crumlin and Died on March 17.

The first body of a human being to come to London after a journey of nearly 10,000 miles, arrived here yesterday on the G. T. R. express from Sarnia. The body was that of Axel Ferdein, a private in M Company, 4th Infantry, United States army, and a son of Mr. John Ferdein, a farmer living near Crumlin. Pte. Ferdein died in the Philippines on March 17, of cirrhosis of the liver. A month later the body left Manila, several thousand bodies of United States soldiers being shipped at the same time for interment in their native soil. The bodies reached San Francisco several weeks ago, but it was not till June 7 that Ferdein's body left that city on its journey east. The remains first went to Buffalo, and were then sent back to Port Huron. All expense of transportation within the United States were borne by the government of that country, and all the charges incurred by Mr. Ferdein, the dead soldier's father, were those from Port Huron to London.

On the arrival of the train here, the body was taken in charge by Clark & Smith, and removed to their undertaking rooms. The outer covering of the casket was a stout pine shell. Its removal disclosed an attractive casket of imitation antique oak. This, on being opened, was found to contain a hermetically sealed copper shell. The removal of the cover, disclosed the remains, which, though somewhat dis-colored, were found to be in a good state of preservation, considering the time which has elapsed since death. The dead man was a fine-looking soldier, about 30 years of age. The body was clothed in a white duck uniform, with gilt buttons, bearing the figure of an eagle. Over the top a strip of

Chicago, June 13.—Leonard Kranze and a young woman from Michigan were married here last Sunday while the bridegroom was suffering from a well developed case of smallpox. Neither of the pair knew it, however, until yesterday, when the health authorities separated them, and the groom was sent to the isolation hospital. As Mrs. Kranze was recently vaccinated, the doctors say she has good prospects of escaping the disease.

Warning Note.

Toronto, June 13.—The "Puritan Sunday" got some hard knocks this morning at the meeting of the Synod of the Diocese of Toronto. A deputation was present from the Lord's Day Alliance, led by Mr. J. K. MacDonald, asking for the co-operation of the synod in preserving the Lord's Day. After they had been given a hearing it was moved that a committee be appointed to co-operate with the alliance.

Mr. C. R. W. Biggar made a vigorous protest against any indorsation of the Whole course of the alliance. Some of its members regarded the restoration of the Puritan Sunday as the sum of all good, but the synod would be false to its duty and to Scripture teaching if it did anything toward the restoration of the Puritan Sunday.
