The refereeing in hockey this year has been unusually good, with few complaints anywhere along the line. The system of appointing group referees should result in a few years in the development of some good men. It has cut down the expenses of the clubs this year a great deal, and in most cases the green men have given satisfaction.

The opinion is beginning to gain ground that the U. of T. senior team is in need of reinforcements, and that Ross Somerville, star of the junior team, is the only player who can start the Allan cup holders on the way to another championship. Some of the U. of T. players favor the inclusion of Somerville, in the line-up, but he is the mainstay of the junior team, and the management may decide to keep him in the lower series. Another junior player, regarded as a senior prospect by some of the U. of T. seniors, is "Lanky" Rowell. The Allan cup holders play in Hamilton on Wednesday night, and will have to be at their best to win, A loss would practically eliminate them from the running.

In his last O. H. A. junior game, Howie" Morenz of Stratford scored eleven goals against Preston.

PARIS. Jan. 24.—Georges Carpentier is considering abandoning plans for a fight with Tom Gibbons in America.

The French battler is said to dislike the size of American rings and the weight of American gloves.

Instead of the Gibbons fight, Georges is negotiating for a fight in Paris with Nilles, who would be a much easier opponent than the tough Gibbons.

PLATTSBURGH, N.Y., Jan. 24.—Charles Jewtraw of Lake Placid and Roy McWhirter of Chicago divided henors in the two senior events at the national amateur outdoor skating championship meet which opened here today. Thomas merely laughed, which didn't tend to appease Austin's feelings.

In a pinch, with a good batter up, it was not uncommon for the Red Sox pitcher to throw the ball so close to the batter's head that he was forced to fall to the ground to avoid being hit. In the slang of the ball field such a ball was known as the "bean ball," or dusting the batter off. While there was no intent tohit the battsman, it was the desire of the pitcher to come so close that it to a certain extent intimidated the batter and took some of his nerve.

Thomas merely langhed, which didn't feel to to go day some one is going to get hit and badly hurt, then you will cut out dusting off the batter."

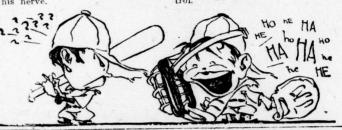

"That is the funniest thing I have heard in years," said Thomas. "The idea of any pitcher wasting a "bean ball" on you. We only use that style with good hitters up."

Whereupon Jimmy stared swinging, and a small sized riot was under way before the situation was under control.
