Not all the parishes replied, but from the answers we reeived we are able to report that there are 70 branches in the diocese, with a total membership of 2,254. One branch reports a membership of 125 paid-up members. Fifty branches have secured the charter issued by the Dominion council. We recom-mend that all branches should have the charter, framed, and hung up in a conspicuous place in the room

where the meetings are held.

sent to it from branches outside the Diocese of Huron. 6. Your committee realizes that while much has been accomplished in the past, yet still better results can and should be obtained by making wise use of every opportunity that presents of inculcating a better knowledge of Bible teaching, of church history, of the Prayer Book, of the establishment, growth and development of our church in Canada and its overseas missions.
