Travel-Worn Soo Hockey Team Now Said To Be Headed In Direction of Detroit

Greyhounds Will Choose Permanent Residence In Two Days Is Latest News

Actions of U.S. Hockey Officials Has Aroused Canadian Fans.

TIME FOR ACTION

Past President Fry of O. H. A. Writes Scathing Attack On Methods.

Special to The Advertiser.

Toronto, Nov. 4.—A despatch from the
Soo today says that the Soo team is going to Detroit instead of New York. The new Knickerbocker club of New York has been making strong efforts Vork has been making strong enouge to line the players up as the nucleus of a team to be entered in the American Amateur Association, and while definite announcements are made from New York and Toronto that Greyhounds will play in Gotham this is denied in the Soo, and it is claimed that they are more likely to play in Detroit. An official of the club said that the situation would be cleared up inside of two days.

The Dunnville Chronicle says:

"The daily press last week announced that the Sault Ste. Marie senior hockey team. Allan cup winners in 1924, and for years one of the outstanding teams in Canada senior hockey. would this year play amateur hockey in New York. Definite confirmation of the report was given in Toronto is week by President Theodore J. Saucler of the Knickerbocker hockey club of New York, who made the announcement that the Soo players in a body had promised the Knickerbocker club their allegiance to play in the United States Amateur Hockey Association. to line the players up as the nucleus of

Inited States Amateur Hockey Islands.

Time For Action.

"If the Canadian Amateur Hockey Association in general, and the OnArio Hockey Association in particular, needed any further justification for particular action in placing a ban on Canalian teams playing exhibition games in the United States until such time as the United States Hockey Association lecide to play fair, the announcement of Mr. Saucier provides it. That a canadian city should be raided and its bockey team induced to go to New York lock, stock and barrel' is a highhanded act nothing short of wholesale brigandage. And later we learn that brigandage.

that international competitions would be ideal, and that the United States should be encouraged and assisted to establish the game, but they do not, in fairness to the good name of the sport itself, demonstrate that their hearts are in the right place by fostering Junior hockey, as well as the big gare drawing variety. Surely the success of the game over the border does not depend on the crippling of it here.

"We mistake the temper of Canadian amateur hockey interests if they meekly bow the neck to such guerilla warfare, without punitive legislation against the players who jump from against the players who jump from against the players who jump from athis country under the conditions which surrounded the jump of the Soc team, and if the lifting of that team is an evidence of the sporting spirit that animates responsible hockey interests in the United States, we fancy the ban is not quite as near being lifted as Mr. Saucier believes it is."

The meeting Friday however, will concern itself with ing this natural growth along faster.

Although the permanent green in their winter dressing, there are porary greens still being used by more hardy of the Valley enthusia.
