A WINDY MEETING IN TREBUL COCK'S HALL LAST NIGHT.

Lot of Talk Without Any Fruit-

The School Board Assailed - A

A mass-meeting of the ratepayers of No. 2 Ward, Westminster, was held in Trebiscock's Hall, London South, last right, to discuss municipal matters. Mr. James Learn was appointed Chairman, and Mr. J. A. Thomes sorted

. Thomas acted as Secretary. The first speaker was Deputy-Reeve Gerry, who gave a brief statement of the finances of the year. A little more money was expended this year than last, the total amount being \$1,577.75. The Ward apamount being \$1,577.75. The Ward appropriation amounted to \$983, and 25 per cent. of the statute labor tax aggregated \$581.50. A great deal of unnecessary fault was found with the system of keeping back this 25 per cent. of the statute labor tax, but even this was not enough to do the work necessary. If the whole amount was given to the pathmasters it would be expended in the early part of the year, and there would be no fund out of which the make necessary repairs later on, no matter how necessary it might be without making an overdraft. He suggested that some an overdraft. He suggested that some scheme be devised to create a fund wherewith to build sidewalks without infringing on the moneys which should be spent on the roads. He had laid out \$691.70 in sidewalks during the year, but this had to be taken off the roads. Speaking of township affairs in general, he alluded to the rumors which were being circulated by his opponent for the Receptship, to the effect
