A Wall Street Panic. The Stock gamblers of Wall Street, New York, created a financial panic last week, the Ward, for fifteen million dollars several days before, and the difficulties of the second National Bank. The Metropolitan Bank, one of the largest monetary institutions in New York, speedily succumbed, the Marine Bank followed, and on Wednesday morning last, spread, and Wall Street soon became throngad with anxious speculators in stocks, and depositors in the Banks. Since Black Friday, in 1873, Wall Street has not presented tion, because of the latter's parsimeny and blundaring. These statements, the FARMER needsy. The New York Sun says the panic was emphatically one among the Stock gamblers, and nothing else. It began, culminated, and how generously it had acted in the pre-parations therefor. It had appointed an Agent General, who had himself industriously inthis view, and allege that the general business condition of the country is sound. The Grants of whom the head of the firm was

has never visited Fredericton. His connec-tion with the Department of Militia and De-fence has given great satisfaction to the force under his administration, regardless of the skin a healthy red and establish a political feeling, and he will be warmly web circul onitical feeling, and he will be warmly well patient I have—a lady—my arm is so weak omed to Fredericton. Mr. Caron, we have and nerveless I cannot move it, while she authority for saying, took strong ground in feels well and strong." The charges for this Fredericton's favor, during the agitation for sett of business are 50 cents per hour. the location of the Military School, in which he was very cordially supported by our old Funeral of Mrs. C. P. Brown at friend Mr. Costigan, who is always welcomed to Fredericton, and the proposed joint ba quet to the two gentlemen, we have no doubt will be one worthy of its recipients.

Talk of women's pluck! One died in chloroform the other day, and smother who had been sitting in the office all the while, and had witnessed the removal of the body on a stretcher, at once placed herself in the operating chair, remarking:—"Come on with your chloroform. You say that it doesn't kill more than one in a thousand. It has just

### The Midgets Married.

London despatch May 13th says :- Mis Milly Edwards and General Mite (Frank J. Flynn.) who have been for some time drawing large attendances at St. James' hall, Manchester, Eag., brought their recoptions to a close on Saturday. Love has been busy with their two little hearts, and as a result, an interesting ceremony took place in Manchester yesterday—no less than the marriage of these two smallest people in the world. General Mite is nearly 20 years of age, and weighs ealy nine pounds. Miss Millis Edwards is about 17 years old, and weighs only seven peuads. The ceremony of marriage between two such moreels of humanity was one of the most extraordinary sights

## Brides for French Convicts-

# Positive Nuisances.

## A Remarkable Coincidence. The Derbyshire Times says there is a yer

tor of the Archbishop of Canterbury and all the other great peers of the English realm. Whiskey was the chief cause of his downfall. way, about the same age, and only about thirty miles away from the same spot. Fitz-gerald, in his "Lives of the Royal Dukes and Princes of the Family of George III," says: "In the month of September, 1767 (September 17), the Duke of York and Albany, who was as usual travelling abroad, was seized with a fatal illness at Monaco, and died. This gay and interesting prince was not thirty years of age and had made a favorable The account goes on to say that the prince died of a malignant fever, after a severe illness of fourteen days, and then says: "His Roys! Highness had danced rather too much followed, and on Wednesday morning last, Boysl Highness had danced rather too much mounted at the Stock Exchange, the panic this had not only fatigued him, but had conly a sefe and effectual remedy, exceedingly pleasant one. casioned a very strong perspiration." The writer then describes the Prince as having taken cold, and neglecting precautions, he be-came rapidly worse and ultimately died. taken cold, and neglecting precautions, he became rapidly worse and ultimately died.

The parallel goes further in some small items the Captain Perseval of that day being Captain Wrottesley, upon whom fell the melancholy duty of breaking the news to the Royal family. All the arrangements necessary in connection with his approaching death were made by the Duke himself, we are told, and the arthur them than the same of the Royal Family. made by the Duke himself, we are told, and the author then says:—"After His Royal follow the brief panic, is distrust of the Banks, arising from the failures of a few among them, plainly traceable to dishonesty, or gross imprudence on the part of their officers. The American water and all the platty officers. The American water and all the platty officers. The American water and all the platty and resolution of a Christian and a man, acting up to those exalted characters to the series of the army transport rejected for physical disability, 460 of these commission shows that the tinned meats were rotten and the fodder filthy which were of the series of the series and rubbish in the contain bricks and rubbish were thrown out as period in 1882,57.5 per cent. were thrown out as period in 1882,57.5 per cent. were thrown out as period in 1882,57.5 per cent. were thrown out as period ing up to those exalted characters to his latest breath." This parallel is certainly curiously and painfully interesting at the Dukes, their ages, the circumstances of their deaths, and the locality all being so singularly coincident. Even the dates (1767-1884)

# From Death's Door.

The approaching visit of Hon. A. P. Caron, Minister of Militia, and Hon. John Coetigan, Minister of Inland Revenue, to this city, has suggested to the personal and political educations of their gentlement the idea of giving them a reasoliton worthy of their polition in the Government of the country, and an antisymment of the country, and the palma was guiltiess of rings, and the palma was row; and soft. "At fart," continued the tinguished Ministern at a public dinner, at which they will next sur representative citisment.

Mr. Caron has been in New Brunswick already, when he officially inspected the Military Camp at Sussex, in 1881, but he has never visited Fredericton. His connection with the Department of Militia and Devent of the country of the connection with the Department of Militia and Devent of the country o
