The grand stand contained one of the most fashionable assemblies that ever graced pretty Rosedale. His Honor the Lieuten ant-Governor, Mrs. Kirkpatrick and Capt. Kirkpatrick were present and the Government House mistress was gracefully presented with a handsome bouquet of roses by President Hunter amids popular applause.

The racers were seat off promptly by A. D. Stewart of Hamilton, the star starter of the country. At 2.30 the novice riders went away and by 6 o'clock John S. Johnson had broken all Canadian existing records for the mile. The quarter mile open gave another new record, when Johnson went the distance in .33 1-5.

Marshall Wells of the Wanderers, now a resident across the line, took Johnson into camp in the half in great style. Rhodes and Hyslop seemed to be outclassed by the other pair and the Canadian champion made a very poor showing against his former rival. Little Young of the Wanderers captured the 2.45 final and also the 5 mile handicap in a clever manner, the result appearing to meet with popular favor. On the whole it was the most successful bicycle meeting ever held in Torouto and the Government will be upwards of \$1000 ahead. The Q.O.R. NEW YORK, Sept. 28.—There was required activity on the stock exchange to-day. The supply of stocks for sale was larger than for several days, and prices declined throughout the list. The seiling was attributed partly to the bears, but there was undoubtedly considerable long stock marketed. It would not be surprising if some of the speculative holders of stock became discouraged before long on account of the utter indifference of the public, the delay in the Senate at the stagnation in general business. GOSSIP FROM CHICAGO.

John J. Dixon & Co. received the following despatch over their private wire from Schwartz, Dupee & McCormack:

Chicago, Sept. 23,.—Wheat ruled weak all day and closed so. There was as much bull news as bear, but it was a day of liquidation. Receipts nowhere were large, but they were not much under the normal, and that was a disappointment to people who have been assuming that receipts this week would be abnormally light. Exports for the week were over 4,700,000 bushels. Clearances for the day were light, less than 250,000 bushels. Northwest receipts as this point were only 40 per cent. of last year. It was estimated that the visible supply Monday would be increased over a million, but last year it increased over a million, but last year it increased over 3,500,000 bushels. The bank statement was very favorable. Cables were firm. The thing that ran prices during the day, though, was liquidation of local long lines. Letting up in clearances next week may result in lower prices.

Corn was weak on large receipts and on a pause in the cash demand. There were 758 cars. The estimate for Monday was \$50. The statement of local stocks Monday will show an increase for the week of about two million bushels. Cash oats were firm. Up to within a few minutes of the close futures were firm. The close though showed a loss of about half a cent for May. It was matter of sympathy with wheat and corn. There were 234 cars. The estimate for Monday was \$45.
