THE Revised Statutes of Ontario the  
work of years of careful attention and  
legislative action are rapidly nearing

statutes themselves and the fourth volume  
containing the index and a record of the  
disposition of all old legislation which

weather permits some work on the  
building will be done. Application has  
been made to the department for the  
adding of a tower and clock to the  
proposed building and the change will

than the one from Sarnia to Detroit.

COUNTERFEIT five and ten cent pieces

Queen Victoria. They are rather easily  
recognized, provided one is on the look-

RELIGION and advertising are the two  
greatest forces in the world to-day. Re-  
ligion is the greatest power we know of  
to heal the wounds, cure the ills and  
inspire the hope of the spiritual man.  
Advertising is the panacea for all the  
ills of the commercial man.  
Go to Haskett's for shorts, bran, feed,  
flour, wheat, bibbics food and herbagu-  
en.  
THE hay fever season is near at hand.  
In a few days when the pollen is in the  
air, we shall be greeted by the sneezing  
chorus. Hundreds of sufferers will be  
taken themselves to the high altitudes or  
to sea voyages. Thousands, of others,  
less fortunate, will stay at home, to bear  
red-eyed, watery-nosed, wheezy-lunged  
testimony to the rigors of their ailment.  
The man who discovers a home specific  
for hay fever may not save as many lives  
as another; but his name will go thun-  
dering down the ages as that of a giant  
in his day and generation.  
THE new goods are fine at SWIFTS'.

A TOWN, unlike a city, is no place to  
foster jealousies and nourish contentions.  
All should learn to know that whatever  
will conduce to the welfare of a town  
cannot injure her citizens. The disposi-  
tion made manifest by her citizens point  
to her downfall or her rise. The char-  
acter of the people make the town not  
her structures, towering houses, domes  
and monuments, and when people lose  
interest in the promotion of their town  
they need not hope to thrive. Harmony  
among the people of a community is  
indicative of its progress. Farmers can-  
not be at variance with one another and  
prosper; merchants cannot, churches  
cannot, nor can any similar organization  
or community.

ALL aboard for Detroit on Tuesday.  
THE remarkable demand for Ford  
autos shows no signs of abating. Last  
year the big establishment in Ford City,  
above Walkerville, prepared to turn out  
fifteen thousand cars for this season.  
So far thirteen thousand cars have been  
made and sold for the year and the  
company has orders on hand for three  
thousand cars. The company is employ-  
ing about 1,200 hands who are turning  
out forty autos a day. The Model  
T touring car made by this firm can now  
be purchased for \$650. Ray Morning-  
star, Arkona, is the agent for this district.

THE Ontario bureau of industries sends

taxation, etc., for each municipality.

THE many friends of Dr. and Mrs.  
McGillivuddy heard with deep regret the  
news of the death of their little eighteen  
months old son, Arnold Fullarton. The  
little child had been ill since last Febru-  
ary, when he had an attack of la grippe,  
which was followed by whooping cough.  
Later pneumonia took hold of him,  
resulting in the little sufferer passing  
away on Tuesday morning. The funeral  
took place from the family residence,  
Main street, on Wednesday afternoon to  
the Watford cemetery, Rev. S. P. Irwin,  
B.A., conducting the service. The family  
have the sympathy of many friends and  
acquaintances in their severe affliction.  
IRISH LINENS.—SWIFTS'.

MISS EVA TRENOUTH, daughter of  
Mr. and Mrs. W. J. Trenouth, Watford,  
is at present in the Old Country, with  
the Teachers' Imperial Association. The  
members of the association went over on  
Tuesday morning, the "Grampion," land-  
ing in Glasgow, where they were royally  
entertained by the Lord Provost and the City Magis-  
trates. Next they went to Edinburgh  
and visited Holyrood Palace and viewed  
the chambers and belongings of Mary,  
Queen of Scots and Lord Darnley. They  
also were shown many of the persons  
possessions of the Stewart Kings and  
the Crown jewels of Scotland, and were  
tendered a luncheon in the university by  
Sir Edward Turner, head of the Edin-  
burgh University and Lord Provost. The  
historic Sterling Castle, where James II,  
murdered Douglas was next visited.  
They then saw the dungeon where  
Rhoderic Dhu was confined, also many  
interesting relics of bygone days. In  
Carlisle they were entertained at tea by  
the Mayor in the townhall. They also  
visited Windermere, Oxford, and other  
centres of attraction and were tendered  
numerous luncheons and visited many  
grand houses. When Miss Trenouth  
wrote they were still viewing historic  
and interesting spots in England, and  
from there go on to Ireland. Miss Tre-  
nouth writes an exceedingly interesting  
letter. We regret that the length of it  
prevents publication.

Daughters of the Empire  
A special meeting of Tecumseh Chapter  
was held at the home of Mrs. E. D.  
Swift on Saturday last for the purpose of  
giving a miscellaneous shower to Miss  
Baird. The Regent, Mrs. N. B. Howden,  
presided. Several of the members, in a  
few appropriate remarks, were pleased  
that the society could still retain Miss  
Baird as a member. Miss Baird feelingly  
replied thanking the ladies for their kind  
wishes and the gifts accompanying them.  
A dainty luncheon was served, after  
which the chapter sang "The Maple Leaf  
Forever" as the I. O. E. know how to  
sing it. The next meeting to be held  
Sept. 9th, at the home of Mrs. W. Thomp-  
son, subject "Japan." God Save The  
King.

Brock vs. Township of Warwick  
The claim of M. Brock against the  
Township of Warwick, for \$2250 damages  
caused by the closing up of the roadway  
at the townline west, and thus causing  
depreciation in the value of his farm and  
much inconvenience, was looked into this  
week by arbitrators Alex. Laird, War-  
wick, Alex. Saunders, Sarnia, and J. A.  
Fraser, Wallaceburg. On Tuesday the  
arbitrators and several of the witnesses  
visited the section where the road has  
been changed. On Wednesday evidence  
of witness was heard by the arbitrators in  
the Council Chamber, and continued on  
Thursday. At time of going to press the  
hearing was still in progress.  
John Cowan, K. C., appeared for the  
township, and Hanna, LeSueur & Mc-  
Kinley for the plaintiff.

Song of the High School Student  
My English may be faulty,  
I am shy on French and Greek;  
Rhetoric always bores me,  
In Math, I'm mighty weak;  
I fall down in my spelling,  
My science is somewhat thin;  
But you needn't worry, father,  
I'll help you get the farm crops in.

Wyoming's civic holiday, Aug. 14th.  
Springbank postoffice has been closed.  
Alvinston has now continuous telephone  
service.  
Glencoe band had a benefit concert  
last Saturday which was well patronized.  
Rural mail routes are being opened up  
rapidly. There are now 1500 in opera-  
tion.  
Mr. D. McIntyre has disposed of his  
dental practice at Kingsville and is mov-  
ing to Windsor.  
One pea grower for the Strathroy can-  
ning company received the sum of \$96  
for the product of two acres of land.  
Glencoe's civic holiday excursion was  
a big success. Over 500 tickets were  
bought for Sarnia and intermediate  
points.  
At a meeting of the Glencoe Canning  
Co. directors, T. J. Medland was ap-  
pointed president, and J. A. Scott secre-  
tary.  
Thos. Fowler, Westminster, 25 years  
old, was smothered in a landslide of dirt  
and stone while loading gravel on  
Saturday last.  
The Merchants Bank people are pre-  
paring plans for their new building at  
Glencoe which they hope to have con-  
structed this fall.  
David McGill, of Janetville, lost six  
valuable hogs, which were struck by  
lightning Sunday. They were found  
huddled together in the field.  
The verdict of the coroner's jury in the  
case of Miss Robertson, who was struck  
by a G. T. R. engine on 'con. 2, Plym-  
pton, places the blame on the engineer.  
A young man named Harold Doyle,  
employed by the Wabash Railway as an  
engine watchman, was instantly killed  
near the coal chutes, Glencoe, on Wed-  
nesday of last week.  
Eighteen Polock girls were brought to  
Tilbury, Saturday, to swell the foreign  
contingent in the local canning factory.  
The management found it simply impos-  
sible to procure local help.  
The barn owned by John Williamson,  
Caradoc, was destroyed by fire Friday  
night between the hours of 8 and 9  
o'clock and 40 loads of new hay, seven  
tons of old hay and all the contents of  
the barn were lost. Oats which had been  
threshed but recently were also burned.  
Loss \$2,500; partly insured.  
Mrs. Armstrong, Sr., Parkhill, met  
with a severe accident on Friday of last  
week, when in the cemetery at West's  
church, 7th Con. McGillivray. Mrs.  
Armstrong, who is about 90 years old,  
placed her hand on a marble slab stand-  
ing in the cemetery for support. The  
slab broke into three pieces, knocking  
her down and dislocating her left shoulder.  
The destruction of bees by freezing out  
and other causes is said to be hampering  
much of the germination of fruit through  
the Leamington district. The scarcity of  
bees is evident in blossom time, and  
farmers ascribe this to be detrimental to  
the perfecting of fruit and vegetables  
alike. All the early cucumbers are grown  
in the greenhouses made vacant by the  
setting out of tomatoes and other plants.  
Here under the burning glass, but fur-  
nished with abundance of water, the cu-  
cumber thrives except for the presence of  
bees. Several farmers have, this year,  
placed hives of bees in the wire-clad hot-  
houses, and are receiving splendid re-  
sults from the experiment.  
During the storm on Sunday evening,  
July 27th, the barn on Mrs. Rachael Ban-  
nister's farm, 14th con., Plympton, was  
struck by lightning and all the out build-  
ings were burned. They included the  
barn, two stables and a drive shed. The  
contents of the barn, including 25 tons of  
hay, this year's wheat crop, a wagon and  
rack and a seed drill, were also destroy-  
ed. Mrs. Bannister's loss on the build-  
ings is about \$1800, with \$750 insurance.  
C. Steer, who has the farm rented, has a  
loss of \$1200 on the contents, on which  
there was \$400 insurance. Both policies  
are in the London Mutual. Mr. Steer  
had finished drawing in his wheat Sat-

wagon.  
The sad news of the death of Albert  
Bell, of Medicine Hat, which occurred  
there Saturday, July 27th, reached rela-  
tives here Sunday. Deceased, who was  
in his 22nd year, was a resident of For-  
est, occupying a position in the Arcade  
Hardware store, until about a year ago,  
when he went to Bridgen, and last March  
accompanied Mr. J. P. McCormick to  
Medicine Hat. He was an amiable young  
man, and possessed enough ambition to  
make good. In his business career here  
"Shine" as he was better known, was ad-  
mired for his faithful services and kindly  
manner of dealing with the public, while  
socially he was one of the popular young  
men of the town, and the news of his  
death from typhoid fever was a shock to  
all. Deceased was a son of the late  
Frank Bell, and is survived by one sister,  
Mrs. Dupe, of Lavallee, Ont. The re-  
mains left Medicine Hat Tuesday even-  
ing, and are expected to arrive here on  
Saturday. The funeral took place from  
the residence of Mrs. Gammon, Clyde  
street, Forest, Sunday afternoon to Beech-  
wood cemetery.—Forest Free Press.
