HOUSEHOLD HINTS.

THE PRESERVING OF FRUITS. To pre-
serve, use equal quantities of fruit and sugar,
cook sufficiently long to keep the fruit with-
out being hermetically sealed. Use only
sound fruit and the best white sugar. Prepare
your fruit with care, weigh accurately and
work slowly. Small fruits should be cooked
slowly forty minutes; large fruits until you can
pierce them with a straw. Put up the pre-
serves in small jars or tumblers, and thereby
prevent disturbing a larger quantity than is
needed. Large fruit should be thrown into
water to prevent discoloration.

ICE CREAM CAKE. One cup butter rubbed
with two cups white sugar to a cream, one
cup sweet milk, three and one-half cups flour,
two teaspoonfuls Cleveland's Superior Baking
Powder, and whites of eight eggs. Bake in
jelly tins, and put together with boiled icing
flavoured with orange, and spread on thick.

CHEESE CANAPIES.—Cut slices of bread
half an inch thick, then with a large round
cutter cut in circles; then cut these in half;
take a tablespoonful of butter, put in a small
saucepan—more if you have much bread; fry
your pieces a light brown; when done take
them up and set on tin or on your stove pans
and heap them with grated cheese and sprinkle
on them a little pepper and salt; set aside
until ready for serving, and then put in the
stove a few minutes until nicely browned.

AFTER-DINNER CROUTONS.—The hard
water-crackers being very expensive (twenty
cents per pound) in comparison to other
crackers, the crispy croutons have been adopted
as a substitute, and are found to be very
acceptable. Cut sandwich bread into slices
one-quarter of an inch thick; cut each slice
into four small triangles; dry them in the
oven slowly until they assume a delicate
brownish tint; then serve, either hot or cold.
A nice way to serve them is to spread a paste
of part butter and part rich, creamy cheese,
to which may be added a very little minced
parsley.

A HANDY AND NICE DISH.—When you
haven't any bread quite convenient and do not
want to bother with biscuits or hot cakes for
supper just put what you think enough of good
water crackers in a rather shallow tin pan,
cover with cold water slightly salted, cover
with a plate and set back on the stove to soak
and gradually heat. When nice and tender
drain off the water, butter the crackers and
set them in the same pan inside a moderately
hot stove; have the cover off the pan this
time. You will find them ready for eating in
about fifteen or twenty minutes if the stove be
hot enough. No milk or cream.

OUR HEALTHY CITY.—Toronto mortality
is considerably lower than in other cities in the
Dominion, as seen by the statistics published
by the Government every month. Why? One
reason is the people eat the right kind of food.
The choice Breakfast cereals and hygienic
foods, manufactured in this city by the Ireland
National Food Co., undoubtedly contribute
much to the health and longevity of the people
who use them, and they are d-e-l-i-c-i-o-u-s.

MESSRS. FULFORD & Co., Brockville, the
well-known proprietors of Nasal Balm, have
purchased the business formerly carried on
by the Dr. Williams Medicine Co., of that
place, whose Pink Pills for Pale People
have already achieved great popularity where
known. With the push and energy for which
Messrs. Fulford & Co. are noted it is safe to
assert that Pink Pills will soon become a
household word throughout the Dominion.
Their announcement appears elsewhere in this
issue.
