

story about Jesus which Peter was telling everywhere he went.

Friday. Talk of the Golden Text, dwelling upon "thee"—each little child. The angels are better than even good fairies, and God says they shall watch over thee, and thee, and thee!

NATURE WORK. The strongest things in all this world are out of sight. The teacher may talk of the forces of either light, life, air, wind, electricity; and that spiritual forces, prayer, love, and angels, are just as real forces.

ART WORK. Take a large school geography and show the children pictures of islands, talk about them being land wholly surrounded by water; islands may be large or small. The island of Cyprus, where Barnabas was born, was very large, and had whole cities upon it.

HAND WORK. The children may have colored paints or crayons, and make pictures of large and small islands.

The TRANSITION CLASS may read one verse of the lesson each day of this week, and write all the nouns or names of places and people. They will find hand and heart mentioned. If we give the service of our hands to others, and the love of our hearts to God, we will be good and useful always, for if we really love God we love people also.

SCIENCE AT HOME WITH THE MOTHER. Children, do you ever think God cares for you, and shows his love by giving you home and those who care for you at home? It is beautiful to have friends who love us, and do all they can to make our bodies comfortable and strong, our minds free and active, and our spirits loving and brave! Let us do all we can for others, and please our best friend by serving others and loving both him and them. God gives us angels in our homes now. Who is your home angel? The dear mother! Listen to her sweet voice; obey it as quickly as Peter followed the angel when told to do so.

Whisper Songs for April.

FIRST LESSON.

God make my life a little light,
Within the world to glow;
A little flame that burneth bright,
Wherever I may go.

SECOND LESSON.

O teach us, Jesus, everyone,
Thy blessed will to do;
That we may love and please thee well,
And love each other, too.

THIRD LESSON.

A little hand may sow the seed
That grows into a tree,
With branches fair and beautiful
For all the world to see.

FOURTH LESSON.

The angel of the Lord encamps
Around God's children still,
And they are safe who trust his love,
And seek to do his will.
