Jalap, aqueous extract of.....	61	Patent laws of United States.....	137	Soda, aluminato of.....	109		
" Tannico.....	115	Pepsine.....	157	" caustic, new process for.....	120		
Jalapin and convolvulin reactions of.....	22	" new preparation of.....	39	" hypochlorite in lead poisoning.....	156		
" detection of gualac resin in.....	46	<i>Perkin, W. J.</i> , on coal tar colors.....	149, 163	" hypsulphite, new use for.....	141		
Japan wax.....	121	Pernanganate of potash, action of, on quinine.....	108	" and iron, pyrophosphate of.....	124		
Javello water.....	109	Peroxide of iron.....	61	" sulphate, from gypsum.....	140		
Jeweller's rouge.....	61	Petroleum, flashing point of.....	61	" test, English commercial.....	137		
KK		Pharmacy, act of Ontario.....	5	Sodium, bromide of.....	124		
Kirschwasser, artificial.....	77	" act of Great Britain.....	23	Soldering liquid.....	61		
L		" act of Quebec.....	24	Solution of citrate of magnesia.....	50		
Lac dye.....	131	" in Paris.....	41	Solvents, division of a body between two.....	115		
<i>Laird, W.</i> , on the adulteration of annatto.....	37	" use of hydrometer in.....	68	Song of the chemist.....	45		
Lampwick, permanent.....	12	Pharmaceutical conventions.....	162	Spectral analysis for the detection of adulteration.....	40		
Lard, adulterated.....	103	" fun.....	173	Sponges, examination of dust from.....	69		
Lead, acetate, manufacture of.....	100	" items.....	148	" of what they consist.....	122		
" red, manufacture of, from nitrate.....	134	" society, annual report of.....	102	Spring, flowers of early.....	51		
" solution of subacetate.....	135	" society, list of members of.....	105	Stains, ink, removal of.....	135		
" poisoning by cosmetics.....	40	" society, meetings of.....	10, 26,	" for wood.....	135		
" poisoning, hypochlorite of soda in.....	150	41, 56, 74, 92, 103, 121, 137, 154, 165, 184	184	" photographic, to remove.....	27, 109		
Leclanché battery.....	44	Pharmacopœia, our national.....	167	Starch, adulteration of.....	27		
Left-handedness, cause of.....	124	Phenyl paper.....	60	" iodide of.....	172		
Lemon juice, to preserve.....	121	Photographia anilin.....	125	<i>Storer, F. H.</i> , on a quick method for the wet assay of galena.....	85		
Lescher's introduction to the elements of pharmacy.....	25	Photographic status, to remove.....	27	Stoves, cast iron, insalubrity of.....	23		
Licorice, extract of, adulteration of.....	103	Pic-nic, Lyman Brothers.....	152	<i>Streth, L.</i> , on light sulphate of quinine.....	53		
Liebig on fermentation.....	44	Pills, Brandreth's.....	103	Students' department.....	164, 183		
Lime, bisulphite of.....	116	" excipients for.....	3	" an answer to inquiring.....	7, 167		
" iodide of.....	134	Plaster, belladonna.....	85	Strychnia, antidote to chloral.....	27		
" Canadian phosphate of.....	120	" court, preparation of.....	5	" death from, by prescription.....	140		
" manganate of.....	27	" of Paris, manipulation of.....	69	Styria, arsenic eaters of.....	139		
" julco.....	101	Plant-lice, to destroy.....	109	Success, maxims of.....	157		
Liniment, mustard oil.....	12	Plants, ultimate analysis of.....	85	Sugar, action of on cinchona.....	140		
" soap, prep. of soap for.....	38	Plate, silver, to clean.....	109	" grape, manufacture of.....	92		
Liquor bismuthi.....	61	Plumbago, Canadian.....	156	" solubility in alcohol.....	27		
" ergotæ.....	3	Poison, new insect.....	69	Suggestion, a good.....	7		
" plumbi subacet, cold process for.....	135	Poisons, sale of.....	110	Sulphocarbolic acid and salts, preparation of.....	35		
Liquid ozone.....	135	" illegal sale of.....	179	Sulphocarbonate of zinc, preparation of.....	53		
" soldering.....	61	Poisoning by copiba.....	124	Sulphurous acid, use in distilling and brewing.....	55		
Logwood coloring in wines, to detect.....	124	" by toilet preparations.....	40	Sulphur in California.....	58		
<i>Long, E.</i> , on a new liquor ergotæ.....	3	Poisonous cosmetics.....	90	Sulphureted hydrogen, action of on the system.....	139		
" on a new preparation of pepsine.....	39	Port wine, adulteration of.....	125	Sumach and quercitron.....	107		
M		Potash, cantharidate of.....	69	Suppositories, new vehicle for.....	153		
Madder compound.....	29	" nitrate, separation from soda.....	153	Svapnia.....	35		
Magnesia, solution of citrate of.....	20	" production, present status of.....	132	Sweet quinine.....	36		
Manganate of lime, preparation of.....	27	Potatoes, new use for.....	125	Syphilis, sarsaparilla in.....	139		
Manna, historical notes on.....	69	Prescriptions, writing.....	71	Syrup of iodide of calcium.....	134		
Marble soda fountains, to clean.....	93	Prices current, 14, 30, 46, 62, 78, 94, 112, 126, 142, 158, 174, 184	184	" of iodide of iron.....	23		
Marino glue.....	109	Prisms, glass, cement for.....	95	" of senega.....	90		
<i>Martindale, W.</i> , on the B. P. solutions of opine.....	67	Proctor, <i>Prof. W.</i> , on the assay of a pure American opium.....	52	" mineral water, formula for.....	160		
McKenzie's ointment.....	11	" " on cod liver oil, and other products of Portsmouth.....	99	" mineral water, to produce froth on.....	90		
Measures, table for converting.....	157	Provincial exhibition, chemical manufactures at.....	152	T			
Medicines, taste of.....	27	Pyrophosphate of soda and iron.....	124	Taylor, <i>A. B.</i> , on the preparation of fluid extracts.....	36		
Medicinal action of papaverine.....	27	Q		Thymic acid, uses of.....	28		
Mercury, use of, in medicine.....	172	Quercitron and sumach.....	101	Tinfol for preserving substances from the air.....	132		
Metals, granulation of.....	29	Quinine, action of potash permanganate on.....	108	<i>Tissandier Gaston</i> , on the technical analysis of soap.....	71		
" passive state of.....	121	" adulteration with salicine.....	172	Tobacco, researches on.....	57		
" silvering powder for.....	12	" and iron, citrate of.....	149	Too good to be lost.....	167		
Microscope, cheap.....	6	" and iron, ammonio-citrate of.....	149	Trade report, annual.....	12		
Microscopical examination of dust from sponges.....	69	" light, sulphate of.....	53	" monthly, 29, 45, 61, 77, 93, 109, 125, 141, 157, 173, 187	187		
Milburn's mixture.....	12	" versus cinchonine.....	136	Trichina in Toronto.....	41		
Missing numbers.....	41	Qulquina chocolate.....	133	Troches, bronchial.....	4		
Montreal chemist's association.....	10, 167, 171	R		Troughs, water tight.....	29
