THE

BECKWITH SEWING MACHINE \$10.

Read what an honest Quaker says: WESTCHESTER, Pa., 7th month, 10th, 1872.

RESPECTED FRIEND: We value the little Ten-Dollar Sewing Machine highly. Notwithstanding my wife is a very delicate woman, she has recently, without apparent fatigue, made for me by its aid a whole suit of French habit cloth; also another light summer coat, besides many other garments. Her physician forbids a treadle machine being brought into the house. We esteem the Beckwith Sewing Machine as a great boon, and if we could not procure another we would not know what pecuniary value to attach to it.

I can cheerfully and confidently recommend its use to those who are wanting such a machine. With a little care and patience in the beginning, it will do all that is promised for it.

Respectfully thy friend,

Wm. P. TOWNSEND.

A CHEMICAL FOOD AND NUTRITIVE TONIC.—Without Phosphorus no thought, say the Germans, and they might add, no action, since Phosphorus and its compounds are known to be the motive power of the nervous and muscular system. They constitute more than half the material of the human body, being found in every tissue, and their presence is absolutely essential to nutrition, as they promote the conversion of albumen in the food into fibrine, which is the vitalizing agent of pure, healthy blood. They are now coming into universal use in Europe and America in the treatment of Scrofulous, Consumptive and Venereal diseases, which are caused by impoverished or poisoned blood; and in diseases of women suffering from irregularities, obstructions, and exhausting discharges, in pale puny children and that condition of nervous and physical prostration resulting from bad habits, excessive use of stimulants and tobacco, and all that train of evils known as a fast life. The great reliability and promptness in its effects in immediately and permanently restoring the derelictized constitution, has made Dr. WHEELER'S COMPOUND ELIXIR OF PHOSPHATES AND CALISAYA a great favorite with the Physicians and public. Sold at \$1.00. 4-26 22

CYANO-PANCREATINE.

THIS MEDICINE, prepared by the Sisters of the General Hospital of Montreal, (Grey Nunnery,) contains no ingredient which can in any way injure the system.

As a compound, it is entitled to rank amongst the most beneficial of all special remedies, principally in the following cases:

1st. Dyspepsia or derangement of the digestive faculties, where it produces astonishing effects throughout all the stages of the disease, provided there be no organic lesion, in which case the Medicament can only impart a temporary relief. Its curative properties have been already tested in a great number of the above mentioned cases, thus leaving no doubt of its efficacy.

2dly. In Bronchitis or Pulmonary Catarrh, it acts most soothingly, facilitates expectoration, relieves the cough, and brings the malady to a prompt solution.

3rdly. In Colds tending to Consumption, it causes a visible change for the better, renders expectoration easy, and assists the stomach to dispose of those other remedies suited to the peculiar nature of the case, thus tending not only to alleviate suffering, but also to prolong life.

The most agreeable, invigorating and popular Tonic in use

Cures Dyspepsia, General Debility, Fever & Ague.

CERTIFICATE FROM MR. ALFRED KNUCKLE, American House, St. Joseph Street:—

MONTREAL, March 7th, 1872. DEAR SIR.—I was afflicted during the beginning of this winter with a most severe COLD, attended with incessant COUGHING and DIFFICULTY OF BREATHING, which reduced me so low that many persons supposed I could never recover. I tried a great many things, which were given me both by my doctors and friends; but did not receive any benefit from anything until I commenced using your "HOARHOUD AND CHERRY BALSAM," which seemed to give me relief immediately. I continued using it until I was completely cured, and now I believe I am as well as I ever was in my life. I would gladly recommend it to any person suffering from a similar complaint. Almost anybody who knows me can certify to the above. ALFRED KNUCKLE. MR. RICHMOND PIERCE, Chemist, corner of McGill and Notre Dame Streets.
