The insolvent estate of Wm. Bennet, paper dealer, this city, referred to recently, is to be sold by tender.

L. N. BLOUIN, of the Albion Hotel, Quebec, has summoned a meeting of his creditors.—Booth, the manager of the Bell Telephone Co., in Quebec, has been arrested for embezzlement. H. A. Dauphin succeeds him.—F. X. Normandin, saddler, Knowlton, Que., has assigned.—Armson & Stone, late Armson & Floyd, small dealers in silk; Toronto, have secured an extension. They show liabilities of about \$22,000 with a nominal surplus of \$6,000.

Mr. H. C. Gibbs, son of the late Hon. T. N. Gibbs, who began the management of the Ontario Knitting Works at Oshawa about two years ago, having been unable to meet some renewed paper falling due again, the holders thereof, Messrs. Dobson & Co., who have been supplying the concern with yarns, have pressed the matter and secured judgments. After the total recorded judgments, amounting to some \$14,000, are satisfied, it is feared there will be little left for the other creditors. Trouble chiefly due to inadequate capacity and capital.

We regret to learn that the Hespeler Manufacturing Co., of Hespeler, Ont., is in difficulty, and it is reported that an attachment has been

issued against it. The company was established some three years ago with a cash capital of \$170,000, and a fine mill erected, but has not proved successful. A few days ago a judgment was obtained against them for \$60,000 by Mr. John Harvey, wool dealer, Hamilton. The President of the Company, Mr. McQuesten, also has a claim for \$30,000 for endorsements on paper. The changes affecting the woollen manufacturing industries of late have doubtless had some effect upon the Hespeler Co.

UPTON.—The stock of La Banque de St. Hyacinthe is probably worth from 75 per cent upwards on the amount of the stock paid up. The amount called thus far is \$40 per share, being four calls of 10 per cent each. Each share at the above rate would be worth \$30. The stock is not listed on the Stock Exchange here. We learn of no transactions for a long time past, and it would be difficult to buy or sell it advantageously in Montreal. A shareholder in St. Hyacinthe, known to the cashier of the bank, would probably pay even a higher price than 75 per cent. for it. Would advise you to communicate with the latter.

very moderate capital and about a \$1,000 stock. His father backed him to a limited extent at first but not at all. lately, as Samuel has been too inattentive to the business. The store has been managed by a young man who last summer secured a chattel mortgage of nearly \$600 for sums lent on different occasions. Reeves' creditors began to move upon him some two months ago, when the chattel mortgage was replaced by a bill of sale. The stock was not worth more than the amount mentioned. His liabilities are light, and supposed to be about \$1,500. His troubles are attributable chiefly to his unfortunate habits.

H. KELLER, a general storekeeper of Emerson, Man., who failed on the 1st ult., and assigned on the 7th, has been carrying on business alone since April last. He was connected on paper with Jerry, Robinson's & Co.'s business, for which he had no consideration. On the announcement that the latter were going to fail, Keller sold his stock at 50c. on the dollar to one Dr. Lavery, and took notes, as he says, to protect his other creditors. Lavery mortgaged the goods as collateral to one of his notes discounted with which Keller's were retired. On being pressed, Lavery reconveyed the stock to Keller, subject to the mortgage, and Keller then assigned, subject as above, to Lavery for benefit of creditors. A Winnipeg firm filed a bill to set aside the same chattel mortgage and assignment, and this is now pending. An injunction was granted, and the
