The promoters of the CENTRAL BANK OF CANADA, in presenting this enterprise to the public, do so in the belief that the great increase of general business throughout the Dominion renders the present period extremely favourable for the formation of a new bank.

The stocks of all the banks doing business in Toronto stand at a high premium, on account of the large Reserves they have accumulated, the satisfactory dividends they pay, and the great demand existing among our moneyed classes for such investments.

At no time in the history of the Dominion has the country made such rapid progress as it is now making and is likely to make for some years to come. The construction of the Canadian Pacific Railway and other railways and public works—the rapid opening up and settlement of Manitoba and the great North-West—the establishment of new industries of many kinds in all parts of Canada, and the large influx of immigrants, many of them possessed of means, and who are settling to a considerable extent in Ontario—render necessary enlarged facilities for business by the provision of additional Banking Capital.

The standing, character, and reputation of the Provisional Directors of the CENTRAL BANK OF CANADA, and of the gentleman selected by them to take the management of the Bank, warrant the belief that its initiation will be received with favour, and that under cautious, wise, and prudent management its success will not be less marked than that of the other prosperous institutions of a similar kind.

It is the intention to place the whole Capital on the market, and when the requisite amount has been subscribed, and 20 per cent. paid in, to commence operations. Ten per cent. to be paid on subscription, and ten per cent. on allotment, and further calls as business may require; provided that such calls shall be made at intervals of not less than thirty days, and not to exceed ten per cent. of each share subscribed. If more than the authorized capital is subscribed, allotments will be reduced *pro rata*.

Calls on Stock are to be paid at the Bank of Montreal and its agencies, with whom arrangements for this purpose have been made. Suitable premises for the Bank have been secured on Yonge street, immediately north of the Bank of British North America.

Stock Books have been opened at the offices of the undermentioned, where further information respecting the Bank, copies of the prospectus, and forms of application for shares can be obtained.
