## TO SAVE THE HAIR

Prevent its premature loss, and to avoid early grayness.

THERE IS BUT ONE CORRECT METHOD

The Removal of the Cause

of all hair unhealthfulness, by eradication of the bacteria which destroy the hair, kill its roots and cause it to fall.

## FRIEDRICH MIGGE

BACTERIOLOGIST AND PATHOLOGIST

is devoting his laboratories at 501 Central Bldg., Seattle, to the saving of the hair. Men and women who care are invited to call or correspond.
