50 Russell Square,  
London, W.C.1, England.

Dear Dr. Hill:-

I thank you for your kind letter  
of the 9th instant offering your congratulations  
on the success of our appeal for funds.

We are highly elated over the  
result, especially as the condition of the  
stock market and the business outlook generally  
were against us.

I am sure I hope that all  
appeals now being made by the home Universities  
will be eminently successful.

Yours faithfully,

Principal.
