My dear Sir Arthur:

I have been asked to write an article on Museums & their educational influence, & in carrying out the request I wish to make something of a survey of the Canadian situation. You have at the file some very good museums. Could you hand my letter to someone who would give me an account (with their strong points) of ~~your file~~ those in the file, but also of the museums of Montreal (English & French)? I am not thinking of picture galleries.

I hope that you have had a good summer, and are beginning your season in vigour & happiness. My wife & I have had three solid months of rest in Northern Muskoka. Poor Lady! Today we were at Mr. Cory's funeral. It is a crippling blow to one who already has had more bereavement than most.

Our kindest regards to yourself & Lady Fannie

Yours sincerely

Edna Halewood.
