FACTORY, -506 to 608 KING STREET WEST.

CATARRH CATARRHAL DEAFNESS A NEW HAY FEVER TREATMENT

Sufferers are not generally aware that
these diseases are contagious, or that they
are due to the presence of living parasites
in the lining membrane of the nose and
Eustachian tubes. Microscopic research
has proved this to be a fact, and the result
is that a simple remedy has been formu-
lated whereby these diseases are cured
in from one to three simple applications
made at home. A descriptive pamphlet is
sent free on receipt of stamp by A. H.
Dixon & Son, 305 King-street West,
Toronto, Canada.
