### Cobalt—Mining Markets Moving Along in Rut, and Undertone is Dragg

#### Trading in Cobalts Apathetic And Undertone Continues Soft

Mining Markets Suffer from Neglect and Small Price Recessions Are Made—Trading of Lesser Volume.

World Office, Friday Evening, Nov. 11.  
Cobalts were generally softer on the local markets, small declines being in evidence at the opening of the exchange and continuing through the session. Trading was of smaller volume than for some time, there being little life to the transactions and the market displaying no signs of initiative in consequence. Good buying was reported at the lower figures, however, but this was not sufficient to induce any upward trend of any account.

### Cotton Gossip.

Erickson Perkins & Co. had the following at the close of the market: The market displayed strength during the early session, trading being influenced by the firm cables and the publication of another low crop estimate, but prices eased after the manipulative buying and the urgent short demand ceased, and the entry gain was lost. Switching for the account of large local interests continues to make up the bulk of the business and may be steadily gaining on the January option. Less is heard about the December futures, but the option holds heavy shipments. We continue to regard the present level as high and favor sales on all sharp retractions.

### MILL FOR DOME PROPERTY.

The Dome interests have closed negotiations for a forty stamp mill to be a large part of the machinery will be at Kelso ready for the opening of the winter trail. It is understood that the method of treatment will be a patented one now much in use in the north, consisting of a double amalgamation, retorting and cyaniding. A large portion of the machinery will be bought in Canada and the patent part from the west.

### FREE GOLD DISCOVERY.

A wire yesterday from Andy Yull, mine manager of the United Porcupine Gold Mines Limited, reported that free gold had been discovered on lot No. 9 of the company's properties. This claim is situated in Whitney Township, between the north property owned by the company and the discovery was made in a big quartz vein on the surface and was said to run high in gold values.

### STRIKE NEAR LARDER LAKE

Skead Township Reported to Be Rich in Gold and Silver.

Altho little lately has been heard of developments in the Larder Lake district, it appears probable, from reports just received, that it may come to the fore again for it is reported that silver has been found in large quantities have been found in Skead Township, a few miles south of Larder Lake. C. E. Jackson has 14 claims staked there and has been working on a strong calcite vein, 3 feet wide and 40 feet long, which has been stripped for 20 or 40 feet. The formation of the country is diabase and altogether the indications are very similar to those of the mines around Cobalt.

### PAIN IN HEART

"For two years I had pain in my heart, back and left side. Could not draw a deep breath or lie on left side, and any little exertion would cause palpitation. Under advice I took Dr. Miles' Heart Remedy and Nerves. I took about thirteen bottles, am in better health than I ever was, and have gained 14 pounds."

MRS. LILLIE THOMAS, Upper Sandusky, Ohio.

For many years Dr. Miles' Heart Remedy has been very successful in the treatment of heart troubles, because of its tonic effect upon the heart nerves and muscles. Even in severe cases of long standing it has frequently prolonged life for many years after doctors had given up all hope, as proven by thousands of letters we have received from grateful people.

### MY OPINION

The 8-point drop in Little Nip, the 5-point drop in Rochester, looks like an attempt to close out weak holders. Our advice is to buy both Little Nip and Rochester at these prices. We will buy these stocks on 25 per cent. margin. (Buyers 60).

### COMING DIVIDEND PAYERS

Among the coming dividend-payers Beaver and Hargraves are easily the most popular. We are certain that when the people come to know these issues as they really are it will be impossible to purchase them around present prices. Beaver stock is in demand among mining experts who know the property.

We still say: Buy Gould Consolidated.
