Friend of Jenkins Says He Wanted to Avert International Trouble.

Mexico City, Dec. 8.—J. Salter Hansen, who furnished the bail upon which W. O. Jenkins, the American consular agent at Puebla, was released last Thursday night, declared, in a statement last night, that he had acted on his own initiative. Mr. Hansen said:

"I wish to say the following: On Tuesday morning last, on account of certain facts that came to my attention, which I am in no position to disclose, I suddenly realized that there was between the United States and Mexico was inevitable unless one of the two governments was ready to sacrifice its honor, prestige and dignity by receding from the dangerous position into which it was forced.

"I therefore took all the steps necessary to effect the immediate release on bail of W. O. Jenkins and relieve the tension, I did so spontaneously, and of my own initiative, and I am ready and willing to take upon myself the full responsibility of credit, according to the point of view."

Wives and Mothers of Canada

Stratford, Ont.—"I am very enthusiastic in praise of Dr. Pierce's Favorite Prescription as a tonic for expectant mothers. I have had experience both with the 'Prescription' and without it, and am in a position to know that there is a vast difference. I was never nauseated or sick at all with my 'Prescription' babies but I was extremely uncomfortable with the others and my suffering was greater when I had not taken the 'Favorite Prescription'. I shall always take pleasure in recommending it to expectant mothers."

Being persuaded, I wrote and stated my symptoms to the Medical staff at Dr. Pierce's Invalids' Hotel in Buffalo, N.Y. I was advised to use Dr. Pierce's Golden Medical Discovery with the 'Favorite Prescription' and the 'Pleasant Pellets'. I did so with the very best results. I could sleep and became my natural self again. I certainly recommend Dr. Pierce's medicines to all sufferers, for they have done for me what doctors failed to do and they have saved me doctor bills, too."

WILSON AGAIN TAKES UP REINS OF GOVERNMENT

(Continued From Page 1)

It would not be surprising, however, if some statement was soon made by Dr. Grayson. The extraordinary precautions taken to guard the president's sick room, which have given such offense to leading members of congress, are attributed to the orders of Dr. Grayson and the natural anxiety of Mrs. Wilson to protect the president from any excitement or undue tax upon his strength.

CHICAGO CALLS FOR A REGENT

Chicago, Dec. 8.—(Special)—The Tribune, owned and edited by Senator Medill McCormick, is out with a long editorial about the president's condition. The Tribune declares that the president is clearly suffering from a "disability" within the meaning of the constitution, and the vice-president is therefore entitled to act in his stead. If the illness is likely to continue until the close of the presidential term the Tribune argues that congress should so declare, and insist upon Vice-President Marshall to assume the duties of president.

CHARGES ARE MADE

The Tribune has been a bitter opponent of Mr. Wilson and his administration. The charges made in the editorial as to the present situation are, however, so startling and direct as to challenge public attention. The editorial says in part:
