### TWO BASELESS RUMORS.

Heintzman Co. Foremen Didn't Quit;  
Painters at Parliament Buildings.

The following letter, signed by the seven foremen who it had been stated, had jumped their job, speaks for itself:

"We, the undersigned, of the Gerhard Heintzman Co., employees of the Parliament Buildings, in contradiction of the report contained in The World of Nov. 16, to the effect that we had left the employ of this firm, that it is not correct. We have not resigned, and do not intend to do so, and we also beg to state that the work in our different departments is being done in the same high grade manner for which the Gerhard Heintzman Co. has always been noted. (Signed) Henry Gunther, Hugh Macgowan, Willard W. Demmon, James Russell, Anthony Heintzman, Augustus Macdonald and Walter Evans."

The statement emanating from a local union, that non-union workmen were employed on the work of painting the corridors of the parliament buildings, is absolutely denied by the men on the job. It was stated that 20c and 25c had been paid, and this they declare to be untrue. Two men had been engaged for a short time in an inferior capacity at 25c, but they had only been working at the beginning, and only regular union men at 30 cents an hour are employed by Mr. Brown. The rate of 30c is paid to men engaged on special painting work, and the men on the job say they receive this amount when engaged on that description of work.

### TWO OF CREW DROWNED.

Blidford, Maine, Nov. 16.—The captain and cook of the two-masted schooner, Marshall Gerrin of Deer Island, Maine, were drowned, and the schooner became a total wreck, in the gale last night off Wood Island Light. The third member of the crew escaped. The dead men were Herbert P. Bray and Wm. Jarvis of Deer Island.

### AND HE LOST.

Albany, N.Y., Nov. 16.—William Randolph Hearst, independent League and Democratic candidate for governor, today certified to the secretary of state that he had spent \$256,370.22 in promoting his campaign. This was divided as follows: Independence League, \$138,870.22; Democratic state committee, \$57,000; traveling expenses, \$500.

### Not Full Majority.

Concord, N.H., Nov. 16.—The official vote for governor at the recent election, announced to-day, shows that Charles M. Floyd, Republican, lacks 176 votes of a necessary majority of all the votes cast, and under the constitution the legislature will choose between him and Nathan C. Jameson, Democrat, the next highest candidate. This legislature will be strongly Republican.

## RECORD RUN OF C.P.R. MAIL 80 HOURS FROM VANCOUVER

Despite 15 Hours' Delay, Overseas  
Limited Reaches Quebec  
Ahead of Schedule.

Quebec, Nov. 16.—The Canadian Pacific Overseas Limited, carrying the China mail, arrived here this afternoon at 3.39 o'clock, having made the record trip across the continent. The actual running time between Vancouver and Quebec, 3080 miles, was 79 hours and 59 minutes.

The train left Vancouver at 9.40 p.m. Monday, having been delayed 8 hours and 40 minutes, owing to the late arrival of the Empress of China, which had encountered rough weather, and there was a further delay of 8 hours in the mountains, but notwithstanding this great handicap Quebec was reached 21 minutes ahead of scheduled time.

There were several notable runs on the different divisions—the run over the four ranges of mountains having been made at a rate of over 28 miles an hour, and across the 840 miles of prairie between Calgary and Winnipeg at the average speed of 41.2 miles an hour. Between Winnipeg and Port William, where the running was impeded by the work of double-tracking, 42 miles an hour was attained, and the whole run from coast to coast was made at the rate of 34 miles an hour. For a long distance run of over 3000 miles this is something to the credit of the Canadian Pacific Railway.

### WAGES PAID BY U.S. CONCERN

Coppersmiths in Corby Distillery  
Prosecuted Under Alien Labor Act.

Belleville, Nov. 16.—The alien labor law case, in which the Corby Distillery Company is concerned, was continued this afternoon. All the alien coppersmiths were examined, and all testified that they were sent here from Cincinnati and received their pay from the American Copper Company of that city. Mr. Porter, for the prosecution, said he wished to examine Messrs. E. H. and M. B. Davis, of the Corby Company, but they were not yet present. The magistrate then adjourned the case for a week.

### Sugar Company on Trial.

New York, Nov. 16.—The trial of the American Sugar Refining Company, charged by indictment with having violated the Elkins Act in the acceptance of \$28,000 rebates from the New York Central Railroad in the spring of 1903, was begun to-day.

### Farwell to Mr. Talbot.

Cannington, Nov. 16.—Last night, at the Queen's Hotel, the citizens of Cannington and vicinity tendered to Harry D. Talbot, Cannington's late postmaster, a farewell supper on the eve of his departure for the Northwest.

### Editor Jeffrey Speaks.

London, Nov. 16.—Editor Jeffrey of The Galt Reporter addressed the Canadian Club to-night on municipal ownership.

### Dies in Washington, D.C.

Belleville, Nov. 16.—(Special.)—Allan Huffman, a former Belleville hotel-keeper, died this morning in Washington, D.C.

### Gold Story a Myth.

North Battleford, Sask., Nov. 16.—It turns out that the story of a gold strike at Birtling is a fake. There was a rush to the vicinity, and the samples shown were judged to be worthless.

The Bank of Nova Scotia has issued a writ for \$5000 against A. A. Dickenson, manufacturer, and Dr. John Ferguson, on a demand note dated March 20, 1906.

On September 4, C. R. Elliott alleges he sustained damage to the negligence of the Toronto Railway Co.'s servants, as a result of which he wants unstated damages. He has issued a writ against the company. J. M. Godfrey is preparing to take the "bookmaking" cases to the supreme court.

### THE VALUE OF CHARCOAL.

Few People Know How Useful It is  
in Preserving Health and  
Beauty.

### Costs Nothing to Try.

Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose.

Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities which are present in the stomach and intestines and carries them out of the system.

Charcoal sweetens the breath after smoking, drinking or eating onions and other odorous vegetables. Charcoal effectually clears and improves the complexion; it whitens the teeth and, further, acts as a natural and eminently safe cathartic.

It absorbs the injurious gases which collect in the stomach and bowels; it disinfects the mouth and throat from the poison of catarrh.

All druggists sell charcoal in one form or another, but probably the best charcoal for the money is in Stuart's Charcoal Lozenges; they are composed of the finest powdered willow charcoal, and other harmless antiseptics in tablet form, or rather in the form of large, pleasant tasting lozenges, the charcoal being mixed with honey.

The daily use of these lozenges will soon tell in a much-improved condition of the general health, better complexion, sweeter breath and purer blood, and the beauty of it is that no possible harm can result from their continued use, but, on the contrary, great benefit.

A Buffalo physician, in speaking of the benefits of charcoal, says: "I advise Stuart's Charcoal Lozenges to all patients suffering from gas in stomach and bowels, and to clear the complexion and purify the breath, mouth and throat; I also believe the liver is greatly benefited by the daily use of them; they cost but 25 cents a box at drug stores, and although in some sense a patent preparation, yet I believe I get more and better charcoal in Stuart's Charcoal Lozenges than in any of the ordinary charcoal tablets."

Send your name and address to-day for a free trial package and see for yourself. P. A. Stuart Company, 55 Stuart Building, Marshall, Mich.
